He would not care to volunteer for it, nor would he request it. It was believed that he could be counted upon to satisfactorily function on such an assignment.

On 9-10-43 he was authorized to give talks before small groups. On 10-16-43 SAC Little rated him as EXCELLENT and said his initiative was excellent and his resourcefulness, force and aggressiveness far above average, he possessed

He was an outstanding employee in every respect and when occasion demanded worked without thought of his own convenience. He had demonstrated on numerous occasions that he possessed administrative ability and it was definitely believed that he was potential SAC material.

During an inspection of the Security Division in April, 1949, Inspector Gurnea stated that he presented an excellent, clean-cut appearance and had a warm, friendly personality. He exhibited a deep interest in his work, he conducted an excellent interview, he expressed himself well, he had a sufficient amount of self-confidence and aggressiveness, it was believed he was capable of handling involved matters without becoming confused and he was ASAC material.

It is noted that he had been recommended for consideration on a long range basis for development in March and December of 1948 and in September of 1949. On 10-30-49 he received a basic increase to \$7000 per annum in Grade GS-12.

On 3-31-50 Mr. Baumgardner rated him EXCELLENT and said that during this rating period he had served in the capacity of Number Two Man in the Internal Security Section. He had acted as Chief of the Section in the absence of the Number One Man and the Chief. in the Internal Security Section and had, on a number of occasions, acted in the absence of the Section Chief. During the times he had handled the Section Chief's duties they had been handled in an excellent manner and he had demonstrated beyond question that he possessed administrative ability. As Number Two Man he assisted in reading correspondence and issued assignments and made decisions regarding the various matters supervised in the Internal Security Section. He had the ability to organize and initiate work so that maximum efficiency was obtained. He was an excellent dictator and his memoranda were clear and concise. He was currently performing his duties in an outstanding manner and he was qualified to handle the most complicated investigative matters referred to the Bureau for attention. His physical condition was such that he could function satisfactorily on any assignment, he was available for special or routine assignments, he had been rated Excellent on his last eight annual efficiency reports and for the past three years both regular and special efficiency ratings had been Excellent. In view of his consistent excellent performance and all-around ability, he was definitely ASAC material at this time; also, on a long range basis, he should be considered for development as potential SAC material. In view of the fact that he met all requirements for Grade GS-13 reallocation, Mr. Baumgardner recommended that he be afforded such reallocation.

|By memorandum dated 9-8-50 Mr. Ladd submitted his name for consideration on a long-range basis for development.

Effective 9-17-50 he was reallocated to Grade GS-13, \$7600 per annum.

RECORD IN GRADE GS-13, \$7600: During an inspection of the Security Investigative Division in November, 1950, Inspector Harbo said he devoted most of his time to reading outgoing mail prepared in the Internal Security Section and to relieve for the #1 man of the section when necessary. He made an excellent appearance and had a favorable personality. He appeared to be mature and to possess good judgment. He impressed one as above average as a Seat of Government supervisor and the Inspector believed he could function adequately as an ASAC in a small office. The stenographers rated him excellent in dictation ability.

His overtime record for the month of October, 1950 was 1 hour 21 minutes, November 2 hours 34 minutes and for December 1 hour 53 minutes. The Office overtime for October was 1 hour 2 minutes, November 2 hours 15 minutes and for December 2 hours.

|By letter dated 3-10-51 he was awarded the Ten-Year Service Award Key.

On 3-31-51 Mr. Baumgardner rated him SATISFACTORY and said during the rating period he had worked exclusively in assisting in the administration of the Internal Security Section and was regarded as the #2 Man of the Section. In connection with his duties he assisted in the approval of outgoing correspondence, handling policy matters, assignment of personnel and rendering

decisions to Supervisors on matters of policy. He had performed his duties in a most commendable fashion. He had an outstanding knowledge of Bureau policy and procedure, had excellent judgment and left little to be desired as a Supervisor and administrator. He willingly accepted and discharged responsibility, was adept at handling personnel and was a tireless worker. On frequent occasions he acted in the capacity of Number One Man in the Section and on a number of instances had acted as Chief of the Section in the absence of both the Chief and the Number One Man. He was definitely ASAC material at that time and his potentialities as a future SAC were regarded as excellent. He was regarded as an excellent dictator, he was in excellent physical condition and was available for general or special assignment wherever his services might be needed. He easily attained the adjective rating of Satisfactory in the upper limits.

By memorandum dated 4-26-51 Mr. Ladd submitted his name for consideration on a long-range basis for development.

On 7-8-51 he received a basic salary increase to \$8360 per annum in GS-13.

By memorandum dated 9-1-51 Mr. Glavin recommended approval of the assignment of Agent Moore as Supervisor in Charge of the Correspondence Desk in the Internal Security Unit of the Domestic Intelligence Division by Messrs. Ladd and Belmont. Bureau approval was granted.

On 11-15-51 he was ordered under transfer to the Detroit Office as Assistant Special Agent in Charge.

On 11-20-51 the Director saw him and discussed with him generally the policies to be followed in the operation of a field office, stressing particularly the necessity for a tight and firm administration of our offices, with meticulous care to our conduct, both official and personal. The Director said he made an excellent personal appearance, seemed to be enthusiastic, and the Director believed he would measure up to his new responsibilities.

On 12-5-51 Mr. Baumgardner rated him SATISFACTORY and said he definitely demonstrated that he possessed both administrative and executive ability, he had excellent organizational ability and was the type of individual who could get the job done with a minimum of "fanfare". Mr. Baumgardner felt he was capable of handling the most involved investigative matter and believed that on a long-range basis he was definitely potential SAC material. His chances for further advancement in the Bureau's services appeared to be excellent.

On 12-6-51 he arrived on transfer to the Detroit Office as Assistant Special Agent in Charge.

Memorandum dated 12-12-51 reflected he was trained to assist on inspections November 26 and 27, 1951.

Memorandum dated 12-14-51 reflected he was now approved by the Bureau as an administrative firearms man.

On 2-11-52 SAC Robey rated him SATISFACTORY and said he had a good knowledge of the Bureau's policies and procedures, and he had demonstrated that he possessed

administrative and executive ability.

On 3-16-52 he received a Uniform Promotion to \$8560 per annum in GS-13.

On 3-31-52 SAC Robey rated him SATISFACTORY and said he had handled his assignments as Assistant Special Agent in Charge in the Detroit Office in a highly satisfactory manner, he was potential SAC material and was capable of handling complicated cases, he was rated as an excellent dictator, he appeared to be physically fit and was available for any type of assignment. His SAC was convinced that he possessed administrative and executive ability.

His overtime for March, 1952 was 1 hour 33 minutes. He had 5 minutes travel overtime.

From 5/5 to 5/16/52 he attended In-Service Training.

On 5-12-52 the Director saw him and said he made a good personal appearance and seemed to be interested in his work. The Director commented to him about the fact that in the month of March there were ninety-seven Special Agents in Detroit who worked less than one hour a day voluntary overtime and that there were 101 who worked more than one hour a day, which indicated that approximately one-half of the investigative staff of the Detroit Field Division were quite indifferent to the problems of the Bureau and were not carrying their share of responsibility. The Director told Mr. Moore that he could not understand this if Moore and the Agent in Charge of Detroit were actively on the job and that the Director wanted Moore to convey this observation to his Agent in Charge when he returned. The Director discussed with Mr. Moore generally several of the more pressing problems facing us in the administration of the Bureau; namely, the necessity for increasing informant coverage in both subversive and criminal fields; the necessity for reducing delinquencies in our field operations; the necessity for absolute thoroughness and complete coverage of all leads and aspects of any cases handled by the Bureau; and the need for materially tightening up the discipline of the Bureau, both in official conduct as well as personal conduct.

By memorandum dated 7-10-52 he was considered for reallocation to Grade GS-14; however, he was passed over to be reconsidered at a later date.

By memorandum dated 8-7-52 Inspector Stein advised ASAC Moore assisted him in the inspection of the Cleveland Office. He was recalled to his own office during the inspection after about one week due to the absence of the SAC. While there, he worked on the security squad and exhibited a good knowledge of Bureau policies. He displayed good judgment and was industrious.

His overtime for August, 1952 was 1 hour 46 minutes and his travel overtime was 15 minutes.

By letter dated 9-19-52 he was COMMENDED for his splendid assistance in the supervision of the investigations and apprehensions of the Communist Party functionaries in the Detroit Division.

By letter dated 12-31-52 he was CENSURED and placed on PROBATION for his

failure to advise the Bureau by appropriate expeditious means of the fact that erroneous identifying data had been reported by the Detroit Office regarding one of the subjects in connection with the case entitled "[redacted] et al, Interstate Transportation of Stolen Property." The information submitted regarding this matter had been carefully reviewed and it was felt that under the circumstances and in view of the publicity which could be anticipated concerning this case, he should have immediately informed the Bureau of this erroneous data by telephone or teletype when he became aware of it instead of furnishing this information by letter as he did. b6 b7C

By letter dated 1-16-53 he was advised the Bureau's attention had been called to the failure of the Detroit Office to process mail properly in the cases entitled "Monitor Machine Tool Company, et al, Fraud Against the Government" and "[redacted] et al, Fraud Against the Government," while he was acting in charge of the office in the absence of the SAC. Such failure resulted in the Detroit Office not meeting required deadlines in these two cases. In the Monitor Machine Tool Company case twelve days elapsed before the Bureau letter reached the appropriate supervisor's desk, and in the [redacted] case there was an eleven day delay in the Bureau letter setting the deadline reaching the supervisor's desk. While the Bureau had been advised that this weakness had now been remedied, if he had been more alert, it would have been detected and corrected at an earlier date.

On 1-30-53 SAC Scheidt rated him SATISFACTORY and said while serving as Acting SAC, he functioned in a highly satisfactory manner and demonstrated that he was capable of functioning successfully as an SAC. He exhibited qualities of good judgment and knowledge as well as the ability to handle personnel. His work as an ASAC had consistently been of an excellent caliber, he had demonstrated that he possessed all of the necessary attributes and skills to properly handle the work of an ASAC, but also, in the SAC's opinion, to operate successfully as an SAC. He created a very favorable impression upon those with whom he came into contact, he commanded the respect of subordinate employees who had worked under his direction, and he was considered a very valuable employee and a distinct credit to the Bureau's service. During the rating period he was criticized by the Bureau for several delinquencies of the office during the time when he was acting in charge and the SAC's appraisal of his ability and performance had taken into consideration this disciplinary action by the Bureau. By separate communication the SAC recommended that he be reallocated to Grade GS-14. However, no action was taken at this time per Executive Conference memorandum dated 9-17-52.

During an Inspection of the Detroit Office in January, 1953, Inspector Stein said SAC Scheidt was absent during the entire inspection so ASAC Moore submitted the answers to all of the memoranda and case write-ups and he assumed this responsibility with an excellent spirit and worked long hours during the inspection. He was above average in intelligence but was not yet fully familiar with the administrative duties in an office. He had been in the Bureau for a number of years prior to being designated ASAC in Detroit and, therefore, was not familiar with office administration. With more experience as an ASAC, he should be considered for the position of an SAC in some small office.

On 2-18-53 he was advised that the inspection of the Detroit Office disclosed many delinquencies of which he was aware, since he had answered the memoranda and case write-ups in the absence of former SAC Scheidt. He was advised that some of the outstanding delinquencies, among others, were inadequate Criminal Informant coverage; time spent in office during October and November, 1952 averaged 67.50 per cent, which was too high; and numerous delinquencies were found in the Chief Clerk's Office, such as 141 missing ticklers. As the Assistant Special Agent in Charge and for a considerable period as Acting SAC, he shared the responsibility for operating the Detroit Office in an efficient manner. He must acquaint himself with all phases of work in the Detroit Office so that he could promptly institute corrective procedures when weaknesses or delinquencies appeared. He must closely follow the work of the Chief Clerk and each Supervisor. He, as well as the SAC, must have their fingers on the pulse of the office. Only in that way could he discharge his obligations to the Bureau; and that he had not done, as reflected by some of the delinquencies cited. As a result, he was being **CONTINUED ON PROBATION**. A Recheck Inspection would be afforded the Detroit Office at an early date and at that time his performance as Assistant Special Agent in Charge would be re-evaluated.

On 3-31-53 SAC McIntire rated him **SATISFACTORY** and said he had an unusual faculty of getting along with employees under his supervision as well as with the general public. In dealing with employees, he was very fair and very understanding, yet very firm in his decisions and instructions. He was well-liked by his fellow employees and at the same time was highly respected. He had the responsibility of operating the office in the absence of the SAC's. He had an excellent knowledge of the Bureau's rules, regulations, and procedures and an unusually good understanding of the Bureau's aims and objectives. He was rated an excellent dictator, was capable of handling any type of assignment, was qualified in the use of firearms, and was capable of handling any type of dangerous assignment, either as a participant or a leader. He had participated in the apprehension of bank robbers, wherein he handled one squad and he performed his duties in an exemplary manner. The SAC advised that in arriving at an adjective rating of satisfactory, he had taken into consideration the delinquencies that had been called to his attention as well as his outstanding performance on many other occasions. He was available for any type assignment, either general or special. In a separate communication SAC McIntire advised that he had observed Mr. Moore's work very closely since his arrival in Detroit, and he was of the opinion that he was doing an excellent job. It was felt that he was capable of being SAC of an average-size office. During the past two months, he had personally handled the supervision of the confidential informant development program and in so doing had materially improved the informant coverage and the potential informant coverage. SAC McIntire recommended that he be **REMOVED FROM PROBATION** and that he be immediately reallocated to Grade GS-14. He was considered for removal from probation and reallocation to GS-14, however, favorable action was withheld at that time pending the results of the Detroit inspection which was scheduled for May, 1953.

His daily average overtime for April, 1953 was 2 hours 21 minutes with 3 minutes travel overtime.

During an inspection of the Detroit Division in May, 1953, Inspector DeLoach said he made an excellent personal appearance and had a very congenial personality. He was well liked by personnel assigned to the Detroit Division, was conscientious, and was a "plugger". He had acted as SAC of the Detroit Office for a substantial period of time, having acted in such capacity prior to former SAC Scheidt's arrival and following SAC Scheidt's retirement in January, 1953, and 3-4-53, on which date SAC McIntire assumed duties of SAC. Due to the fact that he had acted as Agent in Charge for a substantial period of time in Detroit, he was responsible for a large number of the delinquencies reflected by the inspection. With respect to personal supervision, Moore supervised Desk No. 1, which handled major criminal matters in Detroit. On the opening day of the inspection, there were 342 pending cases on that desk and 47 agents assigned to the desk. Of the 47 agents, 32 were resident agents. There were two errors of substance in one of 326 pending files, or a .30 per cent error of substance rating in pending files on the ASAC's desk. There were no errors of substance in 51 closed files. There were 23 errors of form in 16 of 326 pending files examined and only two errors of form in 51 closed files on that desk. There were 13 instances, reflected by a review of 50 pending files, in which the 30-day deadline coverage of fugitive deadlines were missed. The agents assigned to Moore's squad were spending an excessive amount of time in the office in view of the nature of the cases handled; however, a great deal of the time was spent in preparation of administrative matters, concerning police schools and other administrative matters.

ASAC Moore had made considerable progress in heading up the Criminal Informant Program and coverage was being effectively utilized, although yet inadequate. It was recommended that ASAC Moore be continued on probation as the result of delinquencies disclosed in the Detroit Office. It was strongly recommended, however, that no consideration be given to removing him from the office at that time due to the tremendous improvement shown in the Criminal Informant Program, which was personally handled by ASAC Moore. A recheck inspection within ninety days had been recommended for Detroit and ASAC Moore's work would be observed most closely at that time and his removal would be recommended if no improvement was shown. By letter dated 6-4-53 he was CONTINUED ON PROBATION.

During an inspection of the Detroit Office in August, 1953, Inspector Van Pelt said some mitigation was pointed out in the last inspection when it became apparent that Moore had not received the proper training from the previous SAC. He had shown marked improvement since then, had applied himself most effectively and had been affording the cases on his desk, the personnel under his supervision and his other responsibilities above-average attention. He was responsible to a large degree for the Detroit Office's

increased statistical accomplishments during the past fiscal year and had continued to make steady progress in the Criminal Informant Program. ASAC Moore worked well with the SAC, was an active partner in every sense of the term in the administration and operations of the office and was well liked and respected by the personnel. He had been providing firm, tight supervision and effectively prodded for accomplishments, and was well qualified for public relations and contact work. He set a good example and averaged two hours three minutes voluntary overtime per day during the three-month period of May - July, 1953, compared with the office average of one hour 49 minutes. He seemed to be fully qualified to be ASAC of a large office and with additional training and experience should be SAC material. Because of the improvement shown in his performance, it was recommended that he be removed from probation.

By letter dated 9-11-53 he was advised that he was being REMOVED FROM A PROBATIONARY STATUS.

On 9-13-53 he received a uniform promotion to \$8760 per annum in Grade GS-13.

By letter dated 9-22-53 he was COMMENDED for his competence in handling certain arrangements for the Bureau's part in the convention of the International Associations of Chiefs of Police in Detroit.

By memorandum dated 9-28-53 he was considered for Grade GS-14 reallocation but was passed over to be reconsidered at a later date.

By letter dated 10-21-53 he was COMMENDED for his fine work in connection with the apprehension of I. O. Fugitive [redacted] subject of an Unlawful Flight to Avoid Prosecution - Kidnaping case. The taking of [redacted] without incident indicated the attention he and the other agents gave to carrying out their assignments as competently as possible. b6 b7C

By letter dated 11-5-53 he was COMMENDED for his effective leadership and participation in the apprehension of I. O. Fugitive [redacted] subject of an Unlawful Flight to Avoid Confinement - Burglary case.

The Director saw this ASAC on 11-24-53 and said he made a good personal appearance. The Director discussed with him the work of the Detroit Office, stressing the necessity for diligent effort to reduce the delinquency in that office which had been high. The Director also called his attention to the fact that the records show that only 6.05 cases were closed per Agent per month in the Detroit Office and that this was below the average for the entire service. He also discussed with this ASAC the need for increasing the quality of our informant coverage; the necessity for thoroughness in our investigations; and the imperative need for better planning in all types of investigations. The Director also discussed the problem relative to Resident

Agents and called his attention to the fact that the Director had been displeased with the attitude of the Detroit Office in connection with the case of Special Agent [] who had been a Resident Agent at Marquette. The Director stated he did not feel that Agents who were assigned as Residents who failed to measure up to their responsibilities were entitled to any special consideration from the Bureau. ASAC Moore stated that he hoped that the Bureau might see fit at some time in the near future to reallocate him to GS-14 as he was now in GS-13. The Director told him he would look into the matter and see what action could be taken.

He attended the Kidnap Squad Course from 11-23-53 through 12-4-53 in lieu of In-Service Training.

On 12-6-53 he was Reallocated to Grade GS-14, \$9600 per annum.

During an Inspection of the Detroit Office in January, 1954 Inspector Van Pelt stated he had 347 kidnapping, extortion, UFAP, bank robbery, criminal informant and miscellaneous other investigations pending under his supervision on 12-31-53. All of said files were reviewed, together with 65 other cases which were under his supervision. In the review of the 412 pending and closed files, 86 form errors were found in 56 files, or 13.59%. Six substantive errors were found in 4 of these 412 files, or 97/100 of 1%. It was not felt the delinquencies seriously reflected upon his supervision of his cases. His work otherwise reflected close attention. The Criminal Informant Survey showed favorable progress, and the other classifications under the ASAC's direct supervision reflected substantial contributions to the criminal statistical accomplishments of the Detroit Division which exceeded the field-wide record in all categories. He appeared to work very closely with the SAC. He displayed a thorough knowledge of the overall office operations, problems and responsibilities. He seemed to be genuinely liked by the personnel, sets a good example and averaged 2 hours, 4 minutes voluntary overtime October and December, 1953, compared with the office average of one hour 32 minutes. He appeared to have progressed well in the public relations, police training and public speaking fields. He advised he was happy in his present assignment, had no personal problems, and was available for assignment elsewhere. The Inspector fully concurred with SAC McIntire that he was capable of being SAC of one of the Bureau's smaller offices. It was recommended he be considered for advancement to SAC when possible.

On 3-31-54 SAC McIntire rated him SATISFACTORY and said he was forceful, aggressive, enthusiastic and yet friendly. He supervised the Number One Squad, which handled major criminal cases, police training, National Academy and the criminal informant program. The demands in this territory for police training were great and it was believed this was due primarily to the high quality of training that was afforded and in no small part to the excellent supervision that he gave this phase of the Bureau's work. In the informant development

program there had been an increase from 16 to 45 qualified criminal informants. The SAC felt certain this progress would continue. He was rated as an excellent dictator and performed in an outstanding manner on raids and dangerous assignments, either as a participant or a leader. On most of the major apprehensions that had been made during the past year, he and the SAC had both gone on them with squads of men and he handled one phase of the raid with one group of men while the SAC handled the other. This had worked most effectively and his performance on these raids had been excellent in every respect. He had exhibited extremely good judgment. His decisions were made quickly and accurately. His knowledge of the Bureau's work was excellent. His handling of personnel was firm but fair. His dealings with the public and police officials had been excellent. He accepted his full share of the responsibility of operating the Detroit Office and in the SAC's absence assumed the entire responsibility of the operation of the office and discharged this responsibility most effectively. He was available for any type of assignment that the Bureau might desire to make. He was very definitely capable of assuming greater responsibilities.

On 4-12-54 his SAC submitted his name in connection with the Bureau's Personnel Advancement Program and said he had done an outstanding job in the supervising of the development of criminal informants. He operated the office most effectively in the SAC's absence, accepted and discharged responsibility without supervision, and was capable of assuming additional responsibilities. He was entirely capable of performing the responsibilities of SAC of one of the Bureau's small or medium-sized offices. The SAC recommended that he be considered for such an advancement.

By letter dated 4-13-54 he was COMMENDED in view of his very capable assistance with the planning and supervision of the Bank Robbery investigation and the apprehension of the two subjects, [redacted] and [redacted]

On 9-21-54 SAC McIntire rated him SATISFACTORY and said he was aggressive, forceful and had unusual ability in getting along with fellow employees and the general public. He was respected, as well as liked, by fellow employees. He was extremely capable in contacts with police officers and executives and had exhibited excellent judgment in the handling of all matters since McIntire had arrived in Detroit. He represented the Bureau most favorably as a public speaker and many complimentary remarks had been received from groups that he had addressed. He supervised the major criminal classifications of cases and as such had brought about excellent results in the solving of these cases. He supervised the criminal informant program and as an indication of his effectiveness in this

particular phase of the Bureau's work, the number of criminal informants in the Detroit Office had increased from sixteen to fifty, as of the beginning of September. He was a leader of men and accepted and discharged his responsibilities without supervision. On several dangerous raids he had been given the responsibility of supervising and handling one particular phase of the raid, and he had always carried out his assignments in a commendable fashion and his ability in planning had been outstanding. He was available for any type of assignment and was capable eventually of assuming even more responsibility than he would have in his next assignment. He was easily entitled to a rating of Satisfactory, and approached Outstanding.

On 9-23-54 he was TRANSFERRED as Security Assistant Special Agent in Charge of the New York Office.

By letter dated 9-24-54 to the Director U. S. Attorney Fred W. Kaess expressed regret at seeing this Agent leave the Detroit Office. He advised this Agent had been most cooperative, and had been an excellent help and assistance to his office. This letter was acknowledged on 9-30-54.

By memorandum dated 10-4-54 to Mr. Tolson, Mr. Mohr stated in connection with the assignment of ASAC Moore to the New York Office as ASAC, wherein the Director stated, "I would like to know why Moore was promoted to ASAC at New York when a year ago he was on probation as result of bad administration of the Detroit Office," the following explanation was set forth. Mr. Mohr stated a great deal of his difficulties occurred during the period that former SAC Scheidt was in charge of the Detroit Office and although he was a new ASAC in the Detroit Division he received little or no assistance from Mr. Scheidt in getting the Detroit Office in proper shape. He was originally placed on probation 12-31-52 due to his improper handling of an investigative matter in the Detroit Division. He was removed from probation 9-11-53, after an inspection of the Detroit Office in August, 1953, which was very satisfactory. Inspector Van Pelt pointed out that it became apparent during the last inspection that he had not received the proper training from SAC Scheidt. The Inspector stated he had shown marked improvement since then and had applied himself most effectively to the various office functions. He was responsible to a large degree for the Detroit Office's increased statistical accomplishments and had continued to make steady progress in the criminal informant program and he provided firm, tight supervision. No administrative action had been taken against him with the exception of that mentioned above. However, since 9-22-53, he had been commended on four occasions by the Bureau. The Inspector thought that he was capable of being SAC of one of the Bureau's smaller offices and recommended he be so considered when the opportunity arose. He had done an outstanding job in the supervising of the

development of criminal informants. He was aggressive, forceful and had unusual ability of getting along with fellow employees and the general public. The Director noted "It seems incongruous to me that a man who had difficulty as an administrator in Detroit should be promoted to New York. H."

On 11-23-54 SAC Kelly rated him SATISFACTORY and said he presented an excellent appearance, handled himself in a very easy, confident manner and was well liked by those within and without the Bureau. He assumed his duties in New York with no difficulty and worked assiduously to become familiar with the work generally supervised by him in Internal Security of the New York Office. He had shown himself to be excellently grounded in Bureau policy and brought to his decisions a mature judgment. He handled personnel objectively and fairly yet firmly. Judging from his overall handling of the matters in the Internal Security, the SAC said he had clearly shown administrative and executive ability and the SAC also felt confident that he could assume the duties of Special Agent in Charge of one of the Bureau's field offices. The SAC considered him a distinct asset to the New York Office.

He attended the Special Administrative School from 11-29 to 12-7-54.

By memorandum dated 12-3-54 the Director advised that he started to see the ASAC's who had been attending the Administrative School. In the course of the afternoon the Director had occasion to request that Mr. Donald E. Moore, ASAC of the New York Office, come to the Director's Office since he had asked to see the Director. The Director was advised that the Training and Inspection Division stated that Mr. Moore could not be located as he had left the class room. In view of the inability of the Training and Inspection Division to locate Mr. Moore it was impossible for the Director to see him. The Director had a number of matters to discuss with Mr. Moore about the administration of the New York Office. (In this connection it is noted that the unavailability of ASAC Moore on this occasion was apparently due to a misunderstanding as to which office he should have kept advised concerning his whereabouts. No administrative action was taken against him as a result of this incident)

By letter dated 12-6-54 he advised the Director how sincerely sorry he was on not being able to see the Director during his stay in Washington. The misunderstanding as to where he was to record his whereabouts was something that he would always regret for on every trip he made to Washington, he anticipated far above all other things the prospect of being able to talk to the Director and receive any personal instructions or advice the Director may have for him. He realized the extreme pressure of the Director's commitments, but he wanted the Director to know that if at any time the Director would be able to grant him an appointment, he would be most appreciative of the opportunity of flying from New York to Washington at his own expense. The Director noted "I think the loose

administration of the Training Division is more to blame than Moore is."

By letter dated 12-8-54 he was thanked for his thoughtfulness and courtesy in writing to the Director as he did on 12-6-54, to express his regrets at being unable to consummate his scheduled interview with the Director because of the inability of the Director's Office to locate him on 12-3-54.

By letter dated 1-24-55 he was COMMEDED for his close supervision of the various phases of the development of a source of information of a highly confidential nature relative to the security of our country. The ingenuity, foresight and good judgment he had demonstrated in his handling of this difficult and delicate matter, as well as other cases of a similar nature, had been responsible in no small measure for the success realized by the New York Office in this particular phase of the Bureau's work. He supervised the development of an anonymous source from which was obtained valuable information concerning underground operations of the Communist Party.

By memorandum dated 1-25-55 the SAC advised that he had had daily occasion to observe Mr. Moore in the exercise of his duties as Security ASAC of the New York Office. He was intensely loyal to the Bureau, had an excellent knowledge of Bureau policy, had shown excellent judgment, and had clearly indicated executive and administrative ability of a high order. He was a most cooperative person, accepted responsibility without question and his general attitude in facing a problem was not how best the problem could be avoided but how that problem could be solved to the Bureau's best interests. Mr. Moore had a most difficult task in New York, yet had conducted himself and discharged his duties in an outstanding manner. The SAC recommended that he be reallocated to Grade GS-15.

On 2-2-55 he was recommended for reallocation to Grade GS-15 but was passed over to reconsidered after the inspection of the New York Office.

By letter dated 2-28-55 he was CENSURED inasmuch as it had come to the attention of the Bureau that two agents serving under his supervision recently handled two informants in a most inadequate fashion. Specifically, these two agents, who were assigned to handle the contacts with two individuals in a position to furnish valuable information pertaining to the Communist Party in the general area of New York City, failed to impress upon these two individuals the fact that they should furnish only information of a factual nature inasmuch as these people invented a story pertaining to Harvey Matusow which if acted upon could have resulted in serious embarrassment to the Bureau.

His daily average overtime for February, 1955, was 4 hours 45 minutes.

On 3-13-55 he received a Basic Increase in Salary to \$10,320 per annum. By letter dated 3-17-55 he was COMMEDED for his excellent services in connection with the investigation of the Theft from Interstate Shipment case involving [redacted] and others. The intelligent, thorough manner in which he planned and directed the successful apprehension of [redacted] a supposedly armed and dangerous subject, was indeed noteworthy. b6
b7C

On 3-21-55 he attended a One-Day conference, Communist Underground Matters.

On 3-21-55 the Director advised he saw this ASAC and he made an excellent personal appearance, seemed to be enthusiastic about his work, had a good grasp of the responsibilities of his position and he would rate this agent above average. The Director discussed with him concern about the 39% delinquency in the security work in the New York Office; the excessive amount of time agents on the Security Squad were spending in the New York headquarters; the necessity for better indoctrination and more careful screening of informants in security work; and the imperative necessity for a greater degree of accuracy in our output - typographically, in form, and in substance. The Director also discussed with him the care which should be exercised in adding names to the Security Index.

On 3-31-55 SAC Kelly rated him SATISFACTORY and said he had the direct supervision of Division IV of the New York Office, which carried over 5,000 cases and 389 agents. Within this division lies the bulk of the Security Matter investigations in New York as well as the investigation of the Communist Party Underground Operations. He had shown he had an excellent basic knowledge of Bureau policies as well as of the rules and regulations underlying investigation of security matters. He handled his personnel firmly but fairly and was well received by them. He had the respect of those in the office with whom he worked. He had shown himself to be most cooperative and had always quickly assumed responsibility. While he had had no opportunity of developing informants personally, he had stressed this phase of the Bureau's operations. He had recognized the value of the Bureau's incentive award program and had called to the Bureau's attention various instances which had merited incentive awards for agents working within his division. He was available for general or special assignment and had testified in Federal Courts and the like many times in the past. He had manifested a high degree of executive and administrative ability, a knack of leadership, and it was believed he was well qualified to handle the duties of Special Agent in Charge.

His daily average overtime for March, 1955, was 2 hours 8 minutes.

By letter dated 4-11-55 he was CENSURED for an instance of inadequate performance on his part in regard to the Security Matter case involving [redacted] Specifically, with his concurrence the New York Office submitted a letter under date of 2-28-55, which did not contain sufficient explanation and recommendations covering administrative action relative to a certain deficiency in the New York report dated 6-19-53. b6 b7C

By letter dated 4-22-55 he was CENSURED inasmuch as the Bureau had carefully reviewed the facts relative to his inadequate handling of a personnel matter in connection with the Security Matter investigation involving [redacted] It had been observed that he erroneously advised the Bureau that a particular agent of the New York Office had prepared a certain communication in this investigation whereas this agent had not done so, and had he handled this matter properly he would have recognized this fact.

In April, 1955 his SAC submitted his name in connection with the Bureau's Personnel Advancement Program and said he had shown executive and administrative ability, had a very pleasing personality, was well regarded by those with whom he came in contact and it was felt that he was capable of assuming the duties of SAC. He was available for general or special assignment.

His daily average overtime for April, 1955 was 3 hours 19 minutes and for May, 1955, 2 hours 11 minutes.

By letter dated 5-31-55 he was CENSURED inasmuch as the attention of the Bureau had been directed to the fact that a supervisor assigned to his division in the New York Office had been utilizing an improper and inaccurate method to compute agent time in the office averages. As a result of this inefficiency the Bureau was furnished inaccurate information. AS ASAC it was his responsibility to see to it that such important administrative functions were properly handled by employees under his supervision.

On 6-5-55 he received a uniform promotion to \$10,535 per annum in GS-14.

INSPECTION OF THE NEW YORK OFFICE FROM 4-12-55 to 6-4-55 by INSPECTOR B. C. BROWN reflected that the various functions of the New York Office were rated as follows:

PHYSICAL CONDITION AND MAINTENANCE	GOOD
INVESTIGATIVE OPERATIONS	FAIR
ADMINISTRATIVE OPERATIONS	GOOD
PERSONNEL MATTERS	GOOD
CONTACTS	VERY GOOD

The New York Office was rated FAIR in INVESTIGATIVE OPERATIONS because the case load as of 11-54 was 10,650, of which 22.4% were delinquent. Case load as of 4-55, 10,834, of which 25.69% were delinquent. Each clerk had pending an average of between 1 and 2 days work. Of 133 fugitive-type cases reviewed, 9 deadlines missed or 6.7% low. The New York Office was responsible for missing deadlines in 54 out of 247 recently closed applicant type cases (21.9%) a high percentage. The New York Office was late submitting 41 out of 97 supplemental summary memoranda in Top Hoodlum Coverage Program between 9-1-54 and 5-1-55. Potential criminal informants decreased from 596 to 453 since the last inspection.

In connection with the Inspection of the New York Office Inspector Brown said Moore was considered a sincere, loyal, hardworking ASAC who was capable of functioning as SAC of a small to medium sized office. The Director said "I cannot accept this evaluation. H."

By letter dated 6-20-55 he was CENSURED as a result of the New York Office Inspection, which reflected that it was necessary to prepare ten substantive case write-ups out of 1,085 pending and closed files reviewed in his division. This was an excessively high number of substantive errors and reflected a need for much tighter supervision on his part. As ASAC of the office he shared the over-all responsibility of the SAC. The extremely low production of the New York Office was partially chargeable to his division. It was imperative that he afford the tightest supervision possible to each agent in his division in order to increase the production. He was advised that he must assure himself also that the time of every agent in his division was used to maximum advantage and that no unnecessary time was spent in the office during regular working hours.

His daily average overtime for June, 1955 was 1 hour 46 minutes.

By memorandum dated 7-7-55 he was considered for reallocation to Grade GS-15 but was passed over to be reconsidered after the recheck inspection of the New York Office.

His daily average overtime for July, 1955 was 1 hour 46 minutes; for August, 1955, 1 hour 48 minutes; for September, 1955, 1 hour 56 minutes; and for October, 1955, 2 hours 11 minutes.

During a recheck inspection of the New York Office in October, 1955, Inspector Brown stated this ASAC had two case write-ups prepared in 435 pending and closed files under his over-all supervision, or .46%. Supervision of security cases showed improvement and delinquency reduced from 35.8% in July to 22.6% in September. New York was commended through the SAC on 9-28-55 in connection with apprehension of Max Morris Weiss, a fugitive in Internal Security case (under Moore's direction). Highly confidential sources being worked effectively under Moore's direction. A slight improvement also noted in security informant coverage. Moore

was the only ASAC in New York not in GS-15 and appeared to warrant promotion. The Inspector recommended this ASAC be considered for reallocation to Grade GS-15. The various functions of the office were rated as follows:

PHYSICAL CONDITION AND MAINTENANCE	GOOD
INVESTIGATIVE OPERATIONS	GOOD
ADMINISTRATIVE OPERATIONS	GOOD
PERSONNEL MATTERS	VERY GOOD
CONTACTS	VERY GOOD

By letter dated 11-23-55 he was COMMENDED for the recent development in the New York Office of some most valuable confidential sources of information relative to security matters. He discharged his duties in supervising the Internal Security Division of his office most capably in respect to this particular matter. It is noted the sources referred to have supplied valuable information from Communist Party National and New York State headquarters.

His daily average overtime for November, 1955 was 2 hours and 5 minutes.

On 12-4-55 he received a reallocation to Grade GS-15, \$11,610 per annum.

His daily average overtime for December, 1955 was 1 hour and 42 minutes; for January, 1956 was 1 hour and 50 minutes and for February, 1956 was 1 hour and 56 minutes.

On 3-31-56 SAC Kelly rated him SATISFACTORY and said he handled the duties of ASAC of Division IV in which Division lies responsibility for the supervision and investigation of Security Matter cases. His SAC had many communications lauding his ability as a speaker. He handled his personnel in a firm fashion and very well and enjoyed their respect. He assumed responsibility readily and discharged his duties with a very minimum of supervision. He had an above average degree of administrative and executive ability and his SAC felt he could capably carry out the duties of SAC of one of the Bureau's offices. He had been trained as an Inspector's Aide 12-12-51. He had not personally had the opportunity to develop informants, the development of informants in the security field lies within his Division, in which he had taken a most active interest, and during the course of this last year some very valuable security informants had been developed, as well as some most valuable confidential sources of information. He had testified satisfactorily in the past. He was interested in administrative advancement and was, in his SAC's opinion, capable of assuming the duties of SAC.

His daily average overtime for March, 1956 was 2 hours and 37 minutes and for April, 1956 was 2 hours and 5 minutes.

His daily average overtime for May, 1956, was 2 hours 01 minute.

On 6-4-56 the Director saw ASAC Moore who was attending the Security In-Service training school and said he made an excellent personal appearance, seemed to have a grasp of the responsibilities of his work, and the Director would rate him above average. The Director discussed with him his (Director's) concern about the informant coverage in the security field and urged that he put special emphasis upon the same in the New York Field Division. The Director also commented about the necessity for keeping the work current; the need for qualifying the twenty-five Agents attached to the New York Office who had not yet testified in Federal Court and the fact that the New York Office closed only 3.83 cases per Agent per month, as against the 9.34 average for the field. The Director also called his attention to the 105 letters of censure which it had been necessary to write to the New York Office during the last six months and stated that this was considered to be excessive. The Director discussed generally with Mr. Moore the importance of our investigations in the Riesel and De Galindez cases and said it was imperative that we give these cases very prompt attention and make every effort we can to bring about a solution of the same.

The Director also stressed the delicate situation existing between the Immigration and Naturalization Service and the FBI and the imperative necessity of giving prompt attention particularly to all matters referred to us by the Immigration and Naturalization Service so that we will not be in the position of being responsible for any delays.

By letter dated 6-5-56 he was COMMENDED for his very fine work in the location and arrest of Edward Eugene Strong, a Smith Act subject. He exercised admirable intelligence, alertness and presence of mind in this situation and contributed in no small measure to its splendid success.

He attended Security In-Service Training from 6-4-56 to 6-15-56.

His daily average overtime for June, 1956 was 2 hours 1 minute; July, 3 hours 19 minutes and August, 3 hours 30 minutes.

By letter dated 8-22-56 he was COMMENDED for his major contributions to the success achieved in the recent trial of Communist functionaries in New York.

On 10-4-56 he was ordered under transfer to the Domestic Intelligence Division.

On 10-5-56 he called Mr. Mohr and state he had received the Director's letter transferring him to the Seat of Government and he seemed elated over the fact that he had gotten a transfer to the Seat of Government.

He was advised that he had been designated as one of the #1 Men in the Domestic Intelligence Division and he was extremely pleased and grateful for the Director's selecting him for this important assignment. He advised that he had one small personal problem but he thought he could work that out satisfactorily. His wife is pregnant and they were expecting a child on 10-31-56. He stated he would like to report to the Seat of Government on 10-15-56 and then return to New York at the time of the birth of the child. Mr. Mohr told him it would be satisfactory unless he was advised to the contrary. Mr. Mohr thought the reporting date was satisfactory because it would give Moore a chance to become acclimated at the Seat of Government and at the same time give him a chance to return to New York and brief N.H. McCabe on his desk. In the event Moore stayed at New York until after the child was born, it would mean that his transfer would be delayed for a considerable period of time and it would not be possible for him to get here until sometime in November.

His daily average overtime for September, 1956 was 2 hours 18 minutes; October, 2 hours 56 minutes.

On 10-14-56 he was transferred to the Domestic Intelligence Division as Number 2 Man. On his transfer report SAC Kelly rated him SATISFACTORY and stated this agent had demonstrated an above average ability in meeting and handling people outside of the Bureau as well as personnel assigned to his division. He had shown himself to be adept in the handling of major issues as well as showing skill in the following of minute detail. The Underground Squad of that office, which worked within Mr. Moore's division had developed some sources of information which had developed highly valuable information for the Bureau. He had displayed a fine degree of administrative and executive ability, worked enthusiastically, and was quick to assume responsibility. The SAC considered this agent to be a very valuable asset to the New York Office. It was felt that he could capably carry out the duties of Special Agent in Charge.

On 10-16-56 the Director saw this employee and stated he was to take the position of Number Two Man in the Domestic Intelligence Division. Mr. Moore wished to express his appreciation for the opportunity afforded him to serve at Washington in this new capacity. The Director discussed with this agent generally the problems of the Domestic Intelligence Division and the imperative need for encouraging new ideas upon the part of all of the staff of that Division. He was cautioned against being 'smothered' by routine and precedent, namely, that he, as well as all others, should be alert to make changes in procedures when such were necessary and desirable without respect to the fact that the procedure had been established for a long period of time.

On 11-9-56 he was also designated Inspector in the Domestic Intelligence Division.

His daily average overtime for November, 1956 was 3 hours 56 minutes and for December, 1956 was 3 hours 8 minutes.

On 12-15-56 Mr. Belmont rated him SATISFACTORY and stated that from the brief time this Agent had been assigned to the Domestic Intelligence Division he had given evidence of both the ability and the desire to properly handle the job. Necessarily, he had had to learn the ropes and acquaint himself with the procedures in diversified cases and projects now under his supervision. He had applied himself assiduously and had experienced no difficulty in assimilating his duties. He was conscientious, willing and appeared to possess the judgment and know how to handle this important assignment. He had given every indication of willingness and desire to shoulder responsibility and make the necessary decisions. It was felt that he was progressing satisfactorily; that he had taken over his position energetically and that he would be a valuable addition to the Seat of Government.

By memorandum dated 1-4-57 he was considered for Grade GS-16 reallocation but was passed over to be reconsidered at a later date.

On 1-9-57 the Director saw Mr. Moore who stated while he had put in a request to see him (Director) several days previously, there had developed in the interim the incident wherein an inadequate memorandum had been prepared for the Director by the Domestic Intelligence Division for the Director's interview with Mr. [redacted] and he, Mr. Moore had been partially responsible for this situation. Mr. Moore stated he regretted the same and thought he had learned a lesson from it. The Director told Moore he certainly hoped he had because the Director's observation was that the original memorandum sent to him for his use was completely inadequate and that it was inexcusable that a proper memorandum had not been submitted in the first instance.

By letter dated 1-14-57 he was CENSURED inasmuch as a request made of the Domestic Intelligence Division on 1-8-57 for material relating to the Hungarian Refugee Program was handled in a most unsatisfactory fashion. The instructions, although clear and definite, were not complied with and the information was submitted in a piecemeal fashion and was not complete. As Inspector in Charge of the Espionage - Central Research Branch of the Domestic Intelligence Division, he had the over-all responsibility for the proper functioning of his subordinates in that branch and the manner in which the above-mentioned instructions were carried out clearly reflected inadequate supervision on his part. (This is the incident which Moore discussed with the Director on 1-9-57.)

His daily average overtime for January, 1957 was 3 hours 48 minutes.

His daily average overtime for February, 1957 was 2 hours 34 minutes.

By memorandum dated 3-6-57 Mr. Clayton recommended that this Agent be passed over for Grade GS-16 promotion and be reconsidered at a later date. The Director noted, "I concur. I do not believe he is by any means ready for GS-16. He has only been here 4 months and has had a serious censure in that time. H."

By letter dated 3-18-57 he was CENSURED for his failure in the Internal Security case involving [redacted] to carry out his official responsibilities with sufficient alertness and aggressiveness. He reviewed and sent back to the Espionage Section for correction a memorandum dated 3-6-57, and he did not take steps to make certain that the revisions were made without delay and that the memorandum was thereafter promptly furnished to the Assistant to the Director. b6

By letter dated 3-22-57 he was CENSURED inasmuch as the Bureau had noted the number of non-substantive errors which appeared in official correspondence that was reviewed and approved by him since 11-10-56. These errors were detected before the correspondence left the Bureau; however, he was remiss in failing to have the corrections made.

On 3-31-57 Mr. Belmont rated him EXCELLENT and said he was steady, worked well under pressure, and had shown above average judgment. He had had previous experience at the Seat of Government, which, coupled with his field experience, gave him good knowledge of Bureau policy. In his present position, it was necessary for Mr. Moore to deal constantly with the field. He had shown perception and ability to make decisions promptly in this respect. He approached his work with enthusiasm and was very willing, placing his work above his personal convenience. He had shown an above average grasp of the work in the Domestic Intelligence Division and had energetically applied himself. Mr. Belmont considered that he was a valuable addition to the Division. He was definitely interested in advancement and was available for any assignment. He was presently occupying an important position at the Seat of Government. On 9-17-57 the Director saw him and stated he made an excellent personal appearance. He called to express his appreciation for his recent promotion to GS-16. The Director discussed with him generally the necessity for the Domestic Intelligence Division to be more realistic in its dealings with the Internal Security Division of the Department headed by Assistant Attorney General Tompkins. The Director stated he thought we should be courteous but there was no reason for our endeavoring to go beyond our legal functions in performing our duties in dealing with Mr. Tompkins and his associates, particularly in view of the recent article which Mr. Tompkins arranged to have appear in Look Magazine and which deprecated the work of the Bureau in the security field.

By letter dated 9-20-57 he was CENSURED inasmuch as the Bureau's attention had been directed to the fact that he had been responsible for failing to detect a number of nonsubstantive errors in official correspondence reviewed and approved by him since 4-8-57. If he had reviewed these items of correspondence with sufficient care, the mistakes could have been discovered by him.

His daily average overtime for September, 1957, was 3 hours 2 minutes; for October, 2 hours 27 minutes; for November, 3 hours 22 minutes; for December, 3 hours 23 minutes; and for January, 1958, 3 hours.

On 3-31-58 Mr. Belmont rated him EXCELLENT and said in the field of work supervised by him there were many cases of an involved and delicate nature, particularly in the Espionage field. Proper handling of these cases was of the utmost importance, due to their international ramifications. He had shown above-average insight and judgment in meeting the constant problems which had arisen. He handled personnel in a capable manner. He worked well under pressure. Mr. Belmont had no hesitancy in assigning him to delicate and complicated matters. He represented the Bureau on several committees dealing with security and intelligence matters and had been very effective in this respect. In connection with the informant programs, in an administrative capacity, he had shown excellent results. He was available for any assignment and was definitely interested in advancement. In his present position he was making a very valuable contribution to the Bureau. He was considered capable of further advancement.

By letter dated 6-19-58 he was CENSURED for his inadequate handling of information received on 6-17-58, concerning alleged improper activities abroad of American citizens. He failed to accurately evaluate all of the aspects of that situation and he did not present for appropriate consideration the question regarding dissemination of the information to other Government agencies. That should have been done.

His daily average overtime for June, 1958, 2 hours 48 minutes; July, 3 hours 24 minutes; August, 3 hours 23 minutes.

By letter dated 9-16-58 he was CENSURED and PLACED ON PROBATION inasmuch as on the morning of 9-12-58, a number of Special Agent Supervisors assigned to the Domestic Intelligence Division were discovered engaged in activities which were completely inconsistent with the fact that they had indicated on attendance registers that they had begun their official duties. That situation was uncovered by the inspection staff and it clearly indicated a lack of proper supervision on his part. That action was interim in nature and the Director intended to reserve his decision as to final action to be taken in his case until the results of the completed inspection had been furnished him.

His daily average overtime for September, 1958 was 3 hours 12 minutes.

During the Inspection of the Domestic Intelligence Division, in September, 1958, Inspector Edwards said that Inspector Moore was considered thoroughly capable and wanted a chance to show he could manage the hard, tight administrative controls the inspection instituted. Meantime, keep him on probation until he proved beyond doubt he could administer his branch and secure the potential benefits expected from the espionage work.

By memorandum dated 10-24-58 Mr. Edwards recommended and it was approved that Inspector Moore would handle the desk of Assistant Director in the absence of Assistant Director Belmont and Inspector J. A. Sizoo.

His daily average overtime for October was 2 hours 59 minutes.

By letter dated 11-12-58 he was CONTINUED ON PROBATION and advised that as Chief of the Espionage - Central Research Branch of the Domestic Intelligence Division the Director considered Inspector Moore inexcusably at fault for many of the weaknesses disclosed by the Inspector, particularly in the Espionage Section. During the inspection he had the various findings brought to his attention and was given the opportunity to submit his answers. The Director agreed with the Inspector that these weaknesses presented vivid examples of the harmful consequences of his failure to conduct proper penetrative spot checks and adequately implement other essential administrative devices and controls. The fact that this was a situation common to the Division did not relieve him. In his capacity as one of the two Front Office Inspectors and Branch Chiefs he bore a substantial share of the responsibility for seeing that essential stress was placed on the administrative, as well as the technical management. It would be incumbent upon him to prove beyond any doubt that he could vigorously apply the corrective measures instituted during the inspection and administer his Branch and his other divisional responsibilities so as to guarantee the complete elimination of weaknesses and secure the results so vital for the Bureau to meet its responsibilities.

Re: Inspection - Domestic Intelligence Division

Administrative Operations - Very Good (Last Inspection - Fair). Front Office and section supervision generally effective. Division reorganization 12/16/70, involving primarily movement Racial Intelligence Section to Espionage Branch, has resulted in better balanced work load. Clerical production, odd-hour shifts (justified), records management, economy of operation, automatic data processing, dissemination all checked carefully and being afforded close attention. No unnecessary delays in handling mail or files noted. No errors affecting fringe benefits noted in time and attendance records.

Suggestions made to improve routing Racial Informant mail, redirect defectors-in-place program, strengthen our efforts against Communist Chinese intelligence, and revise Racial Informant Status Report. Suggestion also made to strengthen New Left informant program and to include compilation statistical accomplishments, same as racial and criminal informants, for budgetary purposes.

No substantive errors detected. Stenographic production well above production last inspection.

Personnel Matters - Very Good (Last Inspection - Very Good). Approved complement 306 (116 Agents and 190 clerks) -- down 10 Agents and up 4 clerks since last inspection. Division requested 4 additional Agents (2 Racial Intelligence Section - 2 Special Coordination Unit). 2 of 4 justified - approved (handled separately). 118 Agents and 191 clerks (1 additional approved during inspection) adequate but not excessive. Division funds audited and in order. No Agents on probation or overweight. 3 on limited duty - productive - retention justified. Morale appears high.

Dear Mr. Hoover:

I would like to express on behalf of Mrs. Moore and myself our deep appreciation for the autographed photograph commemorating your presentation of my thirty-year service award key on March 10, 1971.

As I inadequately mentioned to you on the occasion I have had thirty wonderful years in the FBI for which I will be eternally grateful to you and all of my associates in the Bureau.

This award means a great deal to me as I have four children and have now received keys commemorating my Tenth, Twentieth, Twenty-fifth and Thirtieth Anniversaries. At some time, I hope far in the future, I want to leave to each of them a key to remind them of their father's association with an organization of which he was immensely proud.

Dear Mr. Hoover:

On May 11, I had the privilege of representing you before the Annual Conference of the California Peace Officers Association in San Francisco, California. While I know SAC Gebhardt in San Francisco kept you advised of developments at the Conference, I did want to let you know that while at the Conference I definitely had the comfortable feeling I was in "Hoover Country." Attorney General Mitchell and Governor Reagan had addressed the Conference on the preceding day, and both had left no doubt in anyone's mind about their support of you and of the Bureau.

Governor Reagan, both in his address to the Conference and in personal contacts with those in attendance, had quite obviously been most laudatory concerning you personally, and the FBI. Several I talked with put it this way, "Governor Reagan came on real strong!"

I could not help but note while at the Conference how well the SACs at the California Offices are regarded in law enforcement there. Officers of the Association, as well as many of the members I met, commented concerning SAC Evans of San Diego, Grapp of Los Angeles, Williams of Sacramento and, of course, Bob Gebhardt of San Francisco. They are obviously in very close contact with the law enforcement departments in their territories and; most importantly, are highly respected in law enforcement circles throughout the State.

Mr. J. Edgar Hoover, Director
Federal Bureau of Investigation
United States Department of Justice
Washington, D.C. 20535

Dear Mr. Hoover:

On 26 July 1971, the 116th Military Intelligence Group presented a security seminar to a large group of security officials representing the major United States Army and Department of Defense agencies and facilities in the Washington area. The seminar stressed the security threats confronting these agencies, with emphasis on the security factors peculiar to Washington. In order to emphasize the importance of the material under discussion, and to dramatize its potential effects on the security of the Army and the United States, a request was made to Mr. [] of the Washington Field Office, Federal Bureau of Investigation, for assistance in obtaining a guest speaker. Mr. [] and Mr. [] were instrumental in arranging for the services of Inspector Donald E. Moore, who addressed the participants at the seminar.

During the planning phases of the seminar, Mr. [] and Mr. [] furnished this group with invaluable assistance in assembling the themes and general guidelines of the material which was subsequently presented. Inspector Moore, in his address, held the undivided attention of his audience, and the material which he introduced was directly pertinent and extremely interesting. The professionalism and expertise displayed by Inspector Moore contributed materially to the successful conduct of the seminar, and were in keeping with the reputation of your organization. b6

The assistance and cooperation extended by Mr. [], Mr. [], and Inspector Moore were typical of the close and cordial relations which exist between your organization and those elements of the Department of the Army which are privileged to work with your personnel. As the commander of a military organization which has enjoyed a long and intimate association with your agency, I am determined to maintain and increase this amicable relationship.

Please extend my sincere thanks and appreciation to Mr. [] Mr. [] and Inspector Moore for the invaluable assistance which they rendered to the 116th Military Intelligence Group and the cause of national security to which we are all dedicated.

Memorandum to Mr. Tolson
Re: Inspection - Domestic Intelligence Division

being closely coordinated with Special Investigative Division. Instructions issued to continue aggressive and intensified coverage of terrorist elements. High-level penetration of Communist Party, USA, continued with 11 members in the National Committee. SOLO Operation furnishing highly valuable information. White House and Attorney General continue to be promptly advised of pertinent developments. Accomplishments Domestic Intelligence Division substantial during period covered by inspection. 70 double agents presently operated against Soviets (74 last inspection). 3 defectors-in-place (DIP) in Soviet bloc (no DIPs last inspection in this country). 63 double agents furnish information concerning 7 satellite countries (59 last inspection). 3 Soviet illegal agents identified -- none last inspection. 658 Soviet officials (including working wives) and 373 satellite officials (including working wives) in the U. S., of which 196 Soviet and 115 satellite are known or suspected intelligence agents.

Nationalities Intelligence Section directing operation of 11 active and 21 potential double agents in Cuban intelligence field, which is increase in each category since last inspection. Chinese Communist (CHICOM) Embassy in Canada became operational since last inspection. 9 of 26 members Embassy staff are known or suspected intelligence officers. With possibility of China's being admitted into United Nations, 5 programs for covering CHICOM intelligence activities have been proposed by this Section for immediate implementation. Inspector ordered this expedited. 9 supervisors assigned to Daniel Ellsberg leak case. Appears adequate and necessary due to volume of work and importance of case. Inasmuch as Department requesting additional investigation by Bureau based on daily teletypes disseminated to them, DID instructed to immediately notify Department that Bureau fully intends to conduct all necessary, logical investigation based on information appearing in teletypes, results of which will be furnished. Foreign liaison operations increased to 17 offices due to desires of White House for high-level political intelligence. Program highly productive. Recommendations regarding further increases at request of President (5/71) handled separately.

Research Section continues to prepare and disseminate at highest Government levels valuable daily, weekly and monthly summaries and highly specialized intelligence publications relating to broad spectrum of security - intelligence responsibilities of Bureau. Since last inspection, two special publications (Black Panther Party, Year of the Urban Guerrilla) were prepared and used in connection with Director's testimony before Senate Appropriations Committee and special meeting of Police Chiefs called by President regarding police killings. Section and Division affording close attention to dissemination of material outside Bureau to insure such is absolutely necessary.

Total security matters pending in field 8/31/71 - 61,841 -- down 1800 matters (2.8%) from 63,641 as of 12/31/70. Security and potential security informants

Memorandum to Mr. Tolson
Re: Inspection - Domestic Intelligence Division

increased. Field delinquency slightly above 7% during last 6 months in security matters (4 months) and racial matters (2 months) classifications due to specials (EASTCON, and MEDBERG) and guarding Resident Agencies. Field being followed closely. Subjects on Security Index increased 5.7% since last inspection to 12,750.

Administrative Operations - Very Good (Last Inspection - Very Good). Records management, clerical production, dissemination matters, operations, economy, and odd-hour (justified) shifts examined and found to be receiving continuous close attention. Supervision by front office and at Section levels generally adequate and effective. Further use and implementation of Automatic Data Processing stressed. Through Division efforts new criteria for establishing pending case load instituted. Will insure uniformity and considered an improvement. Division work carefully reviewed for purpose of reassigning manpower to higher priority work. Mail and files being handled without unnecessary delays. No substantive errors detected. Suggestions made to improve operations including automating some intelligence data and informant indices, handling of payments to informants, preparation of Interview Report Forms (FD-302s) in security investigations, utilization of inserts in criminal matters by Legal Attaches, wider dissemination of Black Nationalist Photo Album, and up-dating information on photos. Also suggested that more effort be made concerning Black extremists in penal institutions and consideration of members of Young Socialist Alliance for inclusion in Security Index.

Personnel Matters - Very Good (Last Inspection - Very Good). Authorized complement - 319 (120 Agents and 199 clerks) -- up 4 Agents and 9 clerks since last inspection. Current inspection determined Division had 11 Agents who could be assigned to higher priority duties. 11 Agents reassigned to newly formed Special Investigations Office (SIO) reducing DID Agent complement to 109. DID can operate at this level; however, as Ellsberg special diminishes, personnel can be absorbed back into Division. Inspector's analysis indicated DID complement clerical personnel could be lowered by total of 7. 6 being reassigned to SIO. One will be deleted by attrition. New DID clerical complement 192. Division funds in order. No Agents on probation or overweight. 3 Agents on limited duty - productive - retention justified. Morale satisfactory.

Contacts - Excellent (Last Inspection - Excellent). Assistant Director and Division officials continue to have valuable, high-level contacts and all appear to be in positions to furnish information and services of interest to the Bureau in domestic and foreign fields.

ASSISTANT DIRECTOR C. D. BRENNAN

Mr. Moore is the Inspector in Charge of the Espionage and Racial Branch of the Division and has held this position since October, 1956. His 30 years of service combines extensive experience in both field and Seat of Government assignments. He is very knowledgeable in regard to Bureau policy and procedures.

Mr. Moore makes a neat personal appearance and is mature in manner. He is within the Bureau's desirable weight limits.

For the last rating period which ended March 31, 1971, he received an Outstanding rating. In July, 1971, it was necessary for me to call to his attention the fact that he had made five proofreading errors in correspondence in one week which together with two others in the previous four months of the error period totaled seven. I cautioned him that if he had ten errors in the nine-month period it would be necessary to take administrative action, and that improvement was obviously needed. Since then he has shown marked improvement.

It should be noted that Mr. Moore has made several public speeches since the last inspection and has done so with distinction. He is capable of assuming additional responsibilities and is most interested in and available for advancement.

Rating: Excellent

Dear Mr. Hoover:

Malmfeldt

I wish to say how grateful we are to you and to the Bureau for sending Inspector Donald E. Moore to speak on threats to the internal security of our country at the conference of representatives of AEC and of its key contractors, which we held October 26-28, inclusive, in Chicago. He made an excellent contribution to the success of the conference.

Mr. Moore gave a generic description of sources of such threats and then provided fact-filled explanation of actual threats within the capabilities of revolutionary extremists -- members of various component groups of the New Left movement -- and of others of the Old Left. Additionally, he particularized on the ever-present threats which are inherent in espionage activities of foreign intelligence services.

Altogether, Inspector Moore's discussion was apt and highly informative. Subsequently, a number of attendees came forward to express their thanks to him for a timely talk, ably presented.

Again, many thanks to you and to the Bureau for the notable assist in our conference on Security Education and Internal Security.

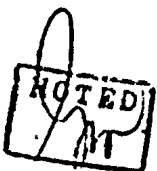

Sincerely,

Dear Mr. Hoover:

I am indebted to you once again for your support during our annual Security Week. This year we were fortunate in being able to feature two speakers from the Bureau plus two displays.

On November 11th, Inspector Sizoo spoke on the subject of "Extremism." On November 12th, Inspector Moore spoke on "Espionage." Each audience averaged approximately 450 people.

NSA employees are most interested in these topics and I have received many compliments for presenting such knowledgeable and professional speakers as Inspectors Sizoo and Moore. Please express my gratitude to these exceptionally capable gentlemen.

Your Bureau loaned us two displays - one on Crime and the other on Communism. During the week of 8-12 November, approximately 10,000 people viewed these exhibits. I would like to thank Special Agents [] Ryan and [] for their help in making it possible for us to present these excellent displays during Security Week.

On behalf of the Director, I thank you for your support. The success of our annual Security Week program in large measure is the result of the contributions of your Bureau.

Inspector Joseph A. Sizoo, #1 Man in the Domestic Intelligence Division, has submitted his request for retirement effective 5-19-72. This is to recommend that Inspector Donald E. Moore, Chief of the Espionage and Extremist Branch in the Domestic Intelligence Division, be designated #1 Man and that SA W. Raymond Wannall, Chief of the Nationalities Intelligence Section, be designated Chief of the Internal Security and Research Branch, which position is now held by Inspector Sizoo.

Inspector Moore EOD 3-10-41 and is in Grade GS 17, \$36,000. He is 53 years of age, married with four children, has a Bachelor of Arts degree and attended law school, and was born in Kansas. Mr. Moore was first assigned to the Domestic Intelligence Division on 10-14-56. Previously he had been assigned for several years as ASAC in the New York Office in charge of the Security Division. He served in various capacities in the Domestic Intelligence Division and has been responsible for the overall supervision of espionage matters for approximately 15 years. Since 9/58 he has been third in command in the Domestic Intelligence Division and has been in charge of the Division in the absence of the Assistant Director and Inspector Sizoo. He was last censured on 12-13-63 for inadequate supervision in connection with the Lee Harvey Oswald case. He has been commended on numerous occasions and has been consistently rated Outstanding for the past several years. His weight and overtime are satisfactory.

SA Wannall EOD 7-27-42 and is in Grade GS 16, \$35,612. He is 53 years of age, married with two children, has a Bachelor of Laws degree, and was born in Washington, D. C. SA Wannall served in four field offices prior to his transfer to the Seat of Government on 7-24-47 where he was assigned as a Supervisor in the Domestic Intelligence Division. He was designated a Section Chief on 3-1-62 and is presently Chief of the Nationalities Intelligence Section. Since his assignment to the Seat of Government his services have been satisfactory although censured on four occasions, the last on 12-13-63. On the other hand, during this time he has been commended on 21 occasions, has received four incentive awards, and has been granted one quality salary increase. He was rated Outstanding on his 1971 annual performance rating and is being rated Outstanding on his current annual performance report. He is completely available and his weight and overtime are satisfactory.

Memorandum to Mr. Tolson
Re: PERSONNEL CHANGES

On 4-4-64 a summary of Wannall's record was prepared for the Director's use. In connection with a memorandum dated 12-17-63 extending the Director's thanks to Wannall for working on 11-25-63 in connection with the Lee Harvey Oswald case, the Director noted; "This was ill-advised in view of censure on 12-13-63 for failure to properly direct the Oswald investigation." The Director also instructed that any promotions for Wannall must be personally approved by Mr. Tolson. This administrative action against Wannall had a highly salutary effect and Wannall has displayed an excellent attitude. He has since been commended on a number of occasions and his services have been consistently rated as Excellent or Outstanding. Wannall has consistently demonstrated above-average enthusiasm and loyalty. This was best illustrated during 1971 when consideration was given to the expansion of our foreign operations. Wannall honestly gave the Director the benefit of his views even though he knew in so doing he was incurring the sharp displeasure of his immediate superior (W. C. Sullivan). Wannall has clearly demonstrated that he is entitled to administrative advancement at this time. These recommendations have been coordinated with Assistant Director Miller who recommends Moore and Wannall for these assignments.

In the Domestic Intelligence Division we have two branches--the Internal Security and Research Branch which was headed by Inspector Sizoo and the Espionage and Extremist Branch which is headed by Inspector Moore. Moore has done an excellent job in his current assignment and it is felt, therefore, that he is entitled to be designated #1 Man to the Assistant Director. He would still handle the Espionage and Extremist Branch but as #1 Man would act as relief in the absence of the Assistant Director and would be second in the chain of command in the Division.

RECOMMENDATIONS:

(1) That Inspector Donald E. Moore be designated #1 Man in the Domestic Intelligence Division at no change in grade or salary.

(2) That Section Chief W. Raymond Wannall be designated to head the Internal Security and Research Branch of the Domestic Intelligence Division at no change in grade or salary.

Mr. L. Patrick Gray, III
Acting Director
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Gray,

I wanted you to know that we all appreciate your interest in making possible the recent visit of Inspector Donald E. Moore and Section Chief William A. Branigan to this office.

They held a series of conferences with the SAC and supervisors of the Espionage Division of this office, during which they explained your policies and deep personal interest in the security and foreign intelligence field. They also conferred at length with several agents handling some of our most sensitive operations.

The personnel of this office were extremely impressed with the enthusiasm, sympathy, knowledge and desire for accomplishment displayed by these conscientious Bureau supervisors. The spirit they engendered is spreading rapidly among all the agents handling this work, and the boost in morale will certainly pay worthwhile dividends. Such close liaison and personal interest in the problems of the field is very impressive.

Sincerely,

John F. Malone

Mr. L. Patrick Gray
Director of the FBI
Washington
United States of America

Very dear Mr. Gray:

As you know, on August 21, 1972, my daughter
[Redacted] was kidnapped from my home by Mr. [Redacted]
[Redacted] The ransom was paid in the city of New Orleans,
Louisiana, on the twelfth of this month; and my daughter was
returned on the thirteenth of September.

The American people must be proud of having such
an effective and responsible investigative agency as the FBI.

During my stay in the United States of America,
in connection with the above-mentioned crime, I had the
opportunity to become acquainted with the procedures of the
Bureau which you direct; and I must congratulate you with all
my heart for the marvelous job you are doing in protecting
society.

The Special Agent in Charge of the New Orleans
Office, Mr. Donald E. Moore, was extremely thoughtful and
considerate toward me, and he devoted special care to protecting

On the other hand, as a man and as a father, I must bring to your attention the very efficient job done in this case by Special Agents Philip M. King and Nathan O. Brown, who, during my stay in your country, accompanied me all the time, providing protection, company, encouragement and hope. I can assure you that, without the valuable help of Messrs. King and Brown, it would have been impossible for me to reach the end of my journey.

The attitude of the Special Agents toward my grief was very humane and understanding, and I assure you that they have become my lifelong friends.

As you also know, the ransom is not my own property, as 90% of it was obtained from friends and relatives and from a bank in this city.

Consequently, my financial situation is ruined and I cannot make the payments for this amount of money because the interest on the money loaned by the bank is greater than my total income.

Because of this, in the name of my family and my own, I beg you to continue the investigation in order to capture the kidnapper and to recover the money.

[] In the name of my wife [] and of my children [] and [] as well as my own, God bless the United States of America, and may the FBI continue to be the foremost investigative organization in the world.

I take this opportunity to reiterate the assurance of my highest regard.

INSPECTION - DOMESTIC INTELLIGENCE DIVISION (DID)

INSPECTOR J. H. TRIMBACH

8/18 - 9/1/72

SUMMARY

Officials: Edward S. Miller, Assistant Director in Charge since 9/8/71. Donald E. Moore, Inspector (Espionage and Extremist Branch) since 1956, and Number One Man since 4/4/72; W. Raymond Wannall - Inspector (Internal Security and Research Branch) and Number Two Man since 5/10/72 (Joseph A. Sizoo, now retired, was previous Number One Man; Moore was previous Number Two Man). Last inspection: 8/17 - 9/9/71.

Physical Condition and Maintenance - Very Good (Last Inspection - Excellent). DID located Federal Triangle Building, 9th and D Streets. Space adequate and maintained in neat and orderly manner. Scratches on walls, dirty labels on mail racks and similar minor housekeeping deficiencies noted and ordered corrected. Security and alarm systems found to be functioning properly. Only persons properly identified have access to space; guard on duty at lobby at all times. Periodic checks of space made after working hours. Security of space and sensitive material stressed. DID has no emergency power equipment but could function in event of emergency from space in Justice Building. Automobile assigned to Division adequately utilized and well maintained. No safety defects and no accidents since last inspection.

Specific Division Operations - Excellent (Last Inspection - Very Good). Division operations receiving aggressive attention. Since last inspection DID handled extensive investigation into unauthorized disclosure of "Pentagon Papers." Active programs instituted to thwart Weatherman group. At time of inspection 27 members of the Weatherman group were Bureau fugitives. (These cases are now supervised by DID.) DID held special conference June, 1972, with supervisors and case Agents from field regarding Weatherman and similar terrorist groups and has implemented suggestions resulting from this conference. Memorandum to Mr. Felt
Re: Inspection - Domestic Intelligence Division

Korean Intelligence Service. Vietnam Veterans Against the War (VVAW) has emerged as militant and sometimes violence-prone antiwar organization. 6 VVAW individuals indicted July, 1972, for conspiracy to violate Federal antiriot laws and related charges. Other violence-prone antiwar and revolutionary groups under investigation and being penetrated by informants.

DID closely supervising investigations involving Chinese Communists (CHICOM). Over 100 members in United Nations Mission of People's Republic of China, 5 of whom are known or suspected intelligence officers. Sensitive coverage of CHICOM Mission effected. Close cooperation maintained with [] inasmuch as CHICOM Embassy in Canada contains one-third known or suspected intelligence officers. b7D As of August, 1972, 11 of the 17-man complement of Cuban Mission to the United Nations identified as officials of Cuban Intelligence Service - all under active investigation. Jewish Defense League activities being closely followed based on excellent informant coverage. Al Fatah cadre members identified. During past year technical and physical surveillances on Arab terrorists have resulted in exceptional intelligence information, as well as furnishing us the identities of their contacts.

Quality information has been received regarding foreign influence in the U. S. from the SOLO operation. Dissemination made to White House and other Government officials. Communist Party-USA held National Convention February, 1972. Detailed accounting of activities obtained from informants. Quality coverage of CP continues with four member informants on Central Committee (formed February, 1972 to replace National Committee). We have also infiltrated the National Council, which was formed as an advisory board. DID instructed to continue aggressive efforts to identify all members of this Council.

Investigation resulted in indictment in connection with placing explosive devices with timing mechanism in safe-deposit boxes of banks in three cities. Two other individuals were charged February, 1972, with 1970 bombings of Army recruiting facilities. Other major bombing cases under investigation, including bombing of Capitol and the Pentagon. Instructions issued to give these cases priority attention so can be brought to successful conclusion at earliest possible date.

The NEWKILL investigation (New York police killing May, 1971) brought to successful conclusion with five former Black Panther Party (BPP) members indicted. Since last inspection 755 individuals, including 172 FBI fugitives, arrested based on information furnished by extremist informants. These informants also furnished information resulting in recoveries in excess of \$12.5 million. Informant coverage of BPP increased by 9.1%.

Memorandum to Mr. Felt
Re: Inspection - Domestic Intelligence Division

Identification of members of urban guerrilla groups resulted in arrests and location of weapons and support equipment. Since last inspection, 52 black extremist Bureau fugitives apprehended.

Notable accomplishments attained by DID since last inspection: Double Agents against Soviets -- 72 (increase of 2). Double agents against 7 satellite countries - 71 (increase of 8). Defectors-in-place in Soviet Bloc - 4 (increase of 1). 1,187 Soviet and satellite officials, including working wives, in U. S., of which 241 Soviet and 116 satellite officials, suspected or identified as intelligence officers. 17 active and 24 potential double agents being directed against Cuban intelligence efforts (increase of 9).

DID disseminates to high Government officials important daily, weekly and monthly summaries, as well as specialized intelligence publications concerning security and intelligence matters; has prepared special study papers on urban guerrilla warfare and Socialist Workers Party since last inspection. Inspector suggested follow-up article for Law Enforcement Bulletin re guerrilla warfare; DID concurred and is handling.

Total security matters pending in field 7/31/72, 68,920 -- up 7,219 (12%) from 61,701 as of 7/31/71. Pending cases in DID 7/31/72 totaled 39,554 -- up 30% over same period prior year. No appreciable change in delinquency rate and delinquency not excessive. No substantive errors found in investigative files reviewed.

Administrative Operations - Very Good (Last Inspection - Very Good). Supervision at all levels, including nights and weekends, effective, with manpower fully utilized. Work load, while heavy, being handled with no unnecessary delay. Work equitably distributed throughout the Division. DID is exploring feasibility of instituting a surveillance program similar to Watcher Service used by [] and [] against Soviet intelligence operatives. Program, if implemented, would free limited number of Special Agents from surveillance assignments. b7D

DID handling changeover from EO 10501 to EO 11652 and has issued guidelines to the field. During inspection revisions to ADEX Program (index of certain subversive individuals) submitted by DID and subsequently approved. Significant reduction in volume of this index should result (from 15,000 to about 4,800).

20 foreign posts handling assignments abroad. Through these posts, 1187 FBI fugitives located during past year, as well as over 1,000 Selective Service delinquents. Legal Attaches submitted 1,280 items of high-level political intelligence, 779 of which were disseminated to Dr. Kissinger.

Memorandum to Mr. Felt
Re: Inspection - Domestic Intelligence Division

DID indicated a substantial increase in intelligence production effort is necessary. President's Foreign Intelligence Advisory Board has plans to enlarge both foreign and domestic intelligence coverage. DID desires 534 additional Agents (520 for field and 14 for FBIHQ) for security-type investigations. During inspection, breakdown of where these additional Agents would be assigned, if available, was obtained as well as type of assignments they would receive. DID proposes using 100 on black extremists and revolutionaries, 100 on white extremists and revolutionaries, 300 on Soviet and satellite intelligence, and 20 on Chinese matters. Over one-half (296) of this number proposed for Washington Field Office and the New York Office. Remainder to be sent to 33 other offices. The working up of specific justification for such a need had not sufficiently progressed at time of this inspection to permit analysis and evaluation. DID and Administrative Division are preparing detailed justification and recommendations for later consideration leading towards a possible supplemental budget request which would provide for additional personnel deemed required. Also, subsequent to the inspection the President signed Public Law 92-539 which expands Federal jurisdiction over assaults against certain foreign individuals while in this country. DID advises this law may have some effect on manpower utilization in the field.

An extensive study is being conducted by DID concerning the authority of the FBI to conduct security-type investigations. At time of inspection a preliminary draft of a position paper had been submitted. (This study is still under advisement.)

Suggestions made and instructions issued during inspection included need to expedite referral of information to other interested Divisions at FBIHQ; to clarify to field current policy concerning coverage and reporting of activities related to student agitation; to reduce number of delinquency letters being sent to field by DID; and to explore desirability of permitting SACs to authorize interviews in certain routine security cases rather than requiring Bureau authority; study of feasibility of discontinuing PROSAB Program (development of civilian informants near U. S. Missile bases) so manpower can be diverted to more productive programs; and reviewing productivity of Ghetto Informant Program to determine if changes should be made. DID taking action to implement these instructions and suggestions.

Proposed additional unit to handle increase in work load involving CHICOM matters analyzed during the inspection; subsequently approved. Production and accuracy, records management, economy of operations, and other administrative activities examined and found to be receiving proper attention.

Memorandum to Mr. Felt
Re: Inspection - Domestic Intelligence Division

Personnel Matters - Very Good (Last Inspection - Very Good). Authorized complement - 331 (128 Agents and 203 clerks) -- up 8 Agents and 4 clerks since last inspection. Current inspection determined DID Agent complement adequate and not excessive. Inspector concurs in DID recommendation for 4 additional clerks (handled separately). No Agents on probation or overweight. One Agent recommended for immediate advancement (handled separately). Training and instruction of personnel examined and found to be adequate.

Contacts - Excellent (Last Inspection - Excellent). Assistant Director listed 34 contacts which have been developed and utilized since the last inspection. Other personnel in DID also have contacts who are in a position to furnish information of value.

RECOMMENDATIONS

1. Edward S. Miller, aged 49, GS-18 at \$36,000, Assistant Director since 9/8/71. Hard working and capable administrator, keenly interested in his work. Well qualified to continue in his present assignment. Letter attached for approval summarizes inspection findings.

The Personnel Selection Board met in my office on 2-6-73, consisting of myself and Messrs. Callahan, Gebhardt, Miller, Jenkins and Purvis. In accordance with your instructions, a discussion was held concerning a replacement for Assistant Director Purvis, Identification Division, who has submitted his request for retirement. The qualifications of numerous individuals were discussed and finally this large group was narrowed down to 3 candidates. It was the unanimous feeling of the Board that any one of these 3 candidates could effectively function in the position involved. The candidates are: SAC Fletcher D. Thompson, Omaha; SAC John J. McDermott, Washington Field Office; and Inspector Donald E. Moore, Domestic Intelligence Division. Background information concerning each of the candidates is as follows:

SAC Fletcher D. Thompson entered on duty as an SA 1-3-44. He is in Grade GS-16, age 51, married, 4 children. He has an LL.B. degree. He has had varied experience having served in 3 field offices prior to reporting to FBIHQ 6-4-61. While in Washington he had extensive experience in criminal matters and at one time served as the Supervisor in charge of the Bank Robbery Unit. He reported to Mobile as ASAC 2-10-69 and subsequently reported to the Inspection Division as an Inspector 10-19-70. He reported to his current office of assignment as SAC on 9-6-71. SAC Thompson was rated Excellent in his last annual performance rating. In addition to the above qualifications it was also observed by the Selection Board that the personality of the candidate for this particular position is extremely important and it was the opinion of the Board that all 3 of the candidates have this necessary prerequisite. In Thompson's case it is also observed that from 9-2-41 until 1-3-44 he served in the Identification Division, advancing from the position of Under Clerk to Fingerprint Classifier. The fact that he has had prior experience in this division, starting at the lowest possible grade and then perhaps becoming Assistant Director could have a salutary effect on the employees in that division, noting that here is a man who has gone from the very bottom to the very top.

Memorandum to the Acting Director
Re: Personnel Changes

SAC John J. McDermott entered on duty as an SA 9-11-50. He is in Grade GS-17, age 46, married, 4 children. He has an LL. B. degree. He too has had a varied experience, having served in 3 field offices prior to reporting to FBIHQ 7-11-55. He reported to Minneapolis 3-6-61 as ASAC, to Washington Field Office as ASAC 3-24-64; was designated SAC, Alexandria, 5-1-69; and has served in his current position in Washington Field since 10-24-72. SAC McDermott is highly regarded as an intelligent, capable administrator who has had considerable experience as a field executive.

Inspector Donald E. Moore entered on duty as an SA 3-10-41. He is in Grade GS-17, age 54, married, 4 children. He has a Bachelor of Arts degree. Inspector Moore has also had varied experience. He served in 3 field offices prior to initially reporting to FBIHQ 8-17-47. He served as ASAC in Detroit from 12-6-51 until designated ASAC in New York (Security Division) 9-23-54. (For many years this was considered an ASAC position; however, as you know, these positions were subsequently upgraded to that of SAC.) He again reported to Domestic Intelligence Division as the No. 2 Man 10-14-56 and has served continuously in this division since that time, having been designated the No. 1 Man on 5-10-72. As you know, Inspector Moore recently conducted an extremely detailed inquiry into complaints of allegations of discrimination in the Identification Division, the results of which should go a long way in improving conditions in the Identification Division and resulted in the complainant withdrawing her complaint.

RECOMMENDATION:

That you indicate your selection for designation as Assistant Director of the Identification Division.

RETIREMENT INFORMATION

Name: **Donald E. Moore**Date: **5-31-73**

APPLICATION

- ☒ The "Application for Retirement" will be forwarded by the Bureau to the Civil Service Commission (CSC) for approval.
- ☐ The enclosed "Application for Retirement" should be executed (or changed as indicated below) and promptly returned to the Bureau for forwarding to the Civil Service Commission (CSC) for approval. The information sheet attached to the application is for your records and you should detach it before sending in the application.

DEPOSIT OR REDEPOSIT

Making either a deposit or redeposit is optional. Such amounts are paid directly by you to CSC; therefore, it is possible that you have already made the deposit or redeposit indicated below without the Bureau's knowledge, having dealt directly with CSC. If so, you may ignore this matter now. If not, after a review of the approximate annuity figures shown below, should you decide to make a deposit or redeposit, you should request Bureau to forward Standard Form 2803 to you. Return this form to the Bureau.

- ☒ Not applicable.
- ☐ The deposit you may owe is a payment to the retirement fund to cover a period of service during which no retirement deductions were withheld from salary. Credit is given for service not covered by deductions; however, if the deposit is not paid, your annuity will be reduced each year by 10% of the amount due as deposit. The amount you may owe is approximately \$_____.
- ☐ The redeposit you may owe is a payment to the retirement fund to cover a period of service for which retirement deductions were withheld from your salary but later refunded to you following your separation from civilian employment. No credit is allowed in the computation of annuity for the period of service covered by the refund unless redeposit is made. The amount you may owe is approximately \$_____.

ANNUITY

1 Annuities are computed on full months of service. The estimated annuity below is based on your ☒ Bureau service, including 1 year, 1 months, 26 days of accrued sick leave, ☐ other civilian Government service and/or ☐ military service known to us, totalling 33 years, 6 months, 16 days. CSC makes the official computations and determines whether prior service is creditable, advising you direct the exact amount of your annuity. The figures below are only estimates, and they do not take account of deduction for health insurance coverage. You should receive the first annuity check about 2 months after separating from the Bureau's rolls. Separation for disability retirement or for SA retirement cannot be made final until CSC has notified FBI of the approval of your application.

SEPARATION FROM ROLLS

Since you ☒ will cease active duty ☐ ceased active duty on 6-20-73 your annuity will commence 6-30-73 immediately following the ☐ cease active duty date or ☒ expiration of current accrued annual leave on 6-29-73 earned through 6-22-73. Item B2 on application ☐ changed to ☐ should be changed to close of business

If ☐ annual leave or sick leave was or will be used by you subsequent to this may change the effective date of your retirement and shorten your total length of service. Bureau should be advised immediately of any such change.

- ☐ If retirement is for disability, separation takes effect after the approval of CSC is received by the Bureau or after the expiration of any accrued sick leave, whichever occurs later. Under Internal Revenue Service regulations, some sick pay and disability income is not taxable; thus, you may be able to exclude from Federal income tax liability all or a part of the payments you receive for sick leave used prior to the date your annuity commenced, as well as for annuity received as a disability annuitant. Any such exemption would terminate when you reach normal retirement age. Thereafter, this annuity would be Federal income tax-free until you had drawn as annuity an amount equal to the retirement deductions from your salary while you were working. CSC will advise you of this amount.
- ☒ If retirement is not for disability, the "sick pay" exclusion is not permissible. Once you have received in annuity as much as was deducted from your salary for retirement purposes, you are subject to Federal Income Tax on the rest. CSC will advise how much was deducted. Only if you were incapacitated and were granted extended sick and/or annual leave for sick leave exceeding thirty calendar days prior to separation for retirement might you qualify for a "sick pay" exclusion for the leave period.
- ☒ Questions you may have as an annuitant regarding your income tax liability or privileges can be answered by the Internal Revenue Service. Internal Revenue Publication, Comprehensive Tax Guide to U.S. Civil Service Retirement Benefits, may be of assistance to you. Note: You are required to file a Federal gift tax return, Form 709, if you elect a reduced annuity with benefit to surviving spouse. In the usual case it is unlikely any tax will be payable; however, a tax return must be filed.
- ☒ You should send CSC over your signature any change in address, setting out your CSA (retirement) number.
- ☒ Following your separation date, you will receive a lump-sum payment for your accumulated annual leave in the approximate amount of \$ 9875. A deduction for Federal income tax has been made from this estimate.

The above annuity estimates include the 6.1% cost-of-living increase effective 7-1-73.

FEDERAL EMPLOYEES' GROUP LIFE INSURANCE

- ☐ Records show you elected Optional Insurance of \$10,000 and have Regular Insurance of \$_____.
- ☒ Records show you declined Optional Insurance but are covered by Regular Insurance of \$ 38,000.
- ☐ Records show you waived both Regular and Optional Insurance.

You may continue your group life insurance coverage following retirement or convert it to an individual life insurance policy without being required to undergo a physical examination. Conversion to an individual life insurance policy necessitates paying the usual premium for a person of your age and class of risk. If you decide to convert, the Bureau should be immediately advised. Otherwise, SF-56, "Agency Certification of Insurance Status," will be forwarded to CSC and a copy sent to you. If you elect to continue Regular Insurance coverage, such protection will continue premium free until you reach age 65. At that time coverage will be reduced 75% (at 2% per month) by the time you reach age 68 years and 2 months. The remaining 25% is also premium free for the remainder of life. Optional Insurance of \$10,000, if continued after retirement, will be at full premium cost until you reach age 65. Thereafter, it is cost free for the remainder of life and commencing at age 65 it will be reduced 75% at the same rate as Regular Insurance. The premium cost of Optional Insurance varies as to age, beginning at \$2.82 monthly for persons under age 35 and ranging to \$41.17 monthly for persons age 60 or over. Optional Insurance may be continued after retirement if you continue to pay for it until age 65 provided you keep Regular Insurance. To retain the Optional Insurance requires no action, CSC will deduct the cost from your annuity. You must have had Optional Insurance for all of your service during which it was available (first offered in (1968) or for 12 years immediately before your retirement. Optional Insurance may be converted to an individual policy if you are not eligible to continue it or, if you do not wish Optional Insurance to be continued, you may waive coverage at any time by notifying CSC and still keep your Regular Insurance. Following retirement, double indemnity benefits concerning accidental death and dismemberment no longer exist for either Regular or Optional Insurance.

- ☐ You elected Optional Insurance on _____. If you desire to waive the insurance, you should submit SF-176. If you desire to convert the Optional Insurance, submit in duplicate a signed statement that you want to convert the Optional Insurance to an individual policy and wish to be informed how to do it.

Note: If the annuity of an insured retired employee is terminated under any applicable law or regulation, his regular and/or optional life insurance coverage stops on the date of such termination, with no conversion rights thereafter.

DESIGNATION OF BENEFICIARY, STANDARD FORM 54, FEDERAL EMPLOYEES' GROUP LIFE INSURANCE FILED:

- ☒ No. Beneficiary will be in order of precedence used by U.S. Government, i.e., (1) widow or widower, (2) children, (3) parents, etc.
- ☐ Yes; beneficiary designated as _____.
- This designation is being forwarded to CSC and it will remain valid unless changed or canceled. Contact CSC for any change desired following retirement.

FEDERAL EMPLOYEES HEALTH BENEFITS PROGRAM

- ☐ Records show you elected not to enroll.
- ☒ Records show you enrolled in the following plan:
- ☐ Government-wide Service Benefit Plan (Blue Cross - Blue Shield)
 - ☐ Government-wide Indemnity Benefit Plan (Aetna Life Insurance Company)
 - ☐ Comprehensive Medical Plan
 - ☒ Special Agents Mutual Benefit Association (SAMBA) (See information below on SAMBA Life Insurance)

Unless you cancel your present health benefits enrollment, you will remain under your health benefits plan after retirement, and your enrollment will be transferred to CSC. The cost of your share of the plan will be deducted from your annuity by CSC.

Enrollment of an employee who dies while he is enrolled "for self and family" continues for his family if at least one family member is entitled to an annuity as the survivor. If the survivor annuitant is the only eligible family member, the retirement system will automatically change the enrollment to "self only."

The original of SF 2810, "Notice of Change in Health Benefits Enrollment," will be forwarded to you by the Bureau at a later date.

SAMBA LIFE INSURANCE - The life insurance you carry under SAMBA on yourself and dependents will continue in force until 1-10 or 7-10 coinciding with or next following the date of your retirement providing you pay the premium semi-annually. However, if premium for this coverage is withheld by payroll allotment, the life insurance ceases as of the date your separation for retirement becomes effective, with a 31-day grace period. If you desire to continue the protection beyond this time, you may do so without a physical examination on you, your spouse, and children under age 21. You may elect to continue to age 70 at group rates 50% of the life insurance on you, your spouse, and children as follows:

Your Pre-retirement Amount			Spouse and Children Pre-retirement Amount				Semi-Annual Cost	
Amount Continued at Retirement			Amount Continued at Retirement		Semi-Annual Cost			
			Spouse	Child	Spouse	Child		
\$ 3,000	\$ 1,500	\$ 3.25						
7,000	3,500	12.25						
8,000	4,000	15.00						
10,000	5,000	20.00	\$ 2,000	\$1,000	\$1,000	NONE	\$ 2.25	
12,000	6,000	25.75	4,000	3,500	2,000	1,750	8.00

20,000	10,000	48.00	10,000	NONE	5,000	NONE	20.00	
23,000	11,500	58.50						
30,000	15,000	75.00						
35,000	17,500	87.50						

If you desire to convert 50% of your present life insurance, write within 31 days before your coverage terminates to SAMBA, Suite 750, 1325 G Street, Northwest, Washington, D. C. 20005. You may continue this coverage until January 10 or July 10 which coincides with or next follows your attainment of age 70. You will be billed on a semi-annually basis on January 10th and July 10th. At age 70, this coverage will terminate and you may then convert the amount of life insurance carried with SAMBA on you and your spouse to a regular policy with The Prudential Insurance Company of America.

At retirement the 50% of SAMBA Life Insurance that cannot be continued with SAMBA may be converted to a regular policy with Prudential on you and your spouse, but not on the children. The premium will be the same as if you and your spouse applied for an individual policy at that time. You may make the necessary conversion arrangement through the nearest Prudential Office.

SPECIAL ACCIDENT AND TRAVEL INSURANCE (SATI)

If you are a member of SATI upon retirement, you cannot continue the Long Term Disability (In-Hospital Income, Salary Continuation and Pension Supplement). You may continue the Accidental Death, Dismemberment and Permanent Total Disability and the Accident Indemnification at the same rates and amounts to age 65. You may also continue the coverage on your spouse to age 65 and your dependent children to age 18 (or 23 if full-time student.) Upon attainment of age 65 you may only continue the Accidental Death and Dismemberment but not the Permanent Total Disability portion to a maximum of \$25,000 on you and your spouse to age 75. The cost will be 19¢ per month per thousand. Upon the death of an insured employee, the insured spouse and dependent children may continue their insurance until age 65 or age 18. The Accident Indemnification cannot be continued after age 65. If you retire due to disability and belong to SATI, you should contact Wright and Company, Suite 1222, 1001 Connecticut Avenue, N. W., Washington, D. C. 20036.

Dear Mr. Ruckelshaus:

I am attaching an Application for Retirement from the FBI and I am hopeful you will grant this request effective at the close of business, June 29, 1973.

It is a hard request to make for I have considered it a privilege to be associated with the FBI for over 32 years, I have enjoyed my many assignments and have the deepest respect for the FBI and the men and women who have served and continue to serve in it.

While I will be departing your ranks my interest will always remain and you may be assured that on the outside I will continue to do all that I can to support you and this fine organization. If I can ever be of assistance I would consider it a privilege to be called upon.

INSTRUCTIONS TO EMPLOYING AGENCY

COMPLETION OF CERTIFICATION

1. This Certification must be completed in triplicate whenever an employee's insurance terminates for:
 - a. Death.
 - b. Retirement on an immediate annuity with 12 or more years' creditable service, of which at least 5 years are civilian service, or on account of disability. (An immediate annuity is one which begins to accrue not later than 1 month after the date the insurance would normally cease.) In a disability retirement case, do not complete SF 56 until a finding of disability has been officially made and the employee's separation is in order.
 - c. Completion of 12 months in a non-pay status or separation, and the employee is receiving benefits under the Federal Employees' Compensation law, and held unable to return to duty.
 - d. Any other reason, if the employee desires to convert his life insurance, except under the following circumstances:
 - (1) Employee waived or declined on SF 176 (or SF 176-T);
 - (2) If it is known that, within 3 calendar days after the date the insurance terminated, the employee will return to Government service in the same or another position in which he will be eligible to reacquire Federal Employees Group Life Insurance;
 - (3) More than 75 days have elapsed from the date insurance terminated unless specific request is made therefor by the Civil Service Commission or the Office of Federal Employees' Group Life Insurance.
2. If insurance terminated on account of death, indicate in item 3(a) whether the employee had filed an Application for Retirement (SF 2801) with the Civil Service Commission.
3. In item 8, give date of Notice of Conversion Privilege (SF 55), except that if this form (SF 56) is issued in lieu of SF 55, give current date. In case of death, leave this item blank.
4. It is important whenever a duplicate SF 56 is issued to replace one which has been lost, that it be clearly marked "DUPLICATE".

DISPOSITION OF CERTIFICATION

1. Death of employee—
 - a. Send duplicate of SF 56 immediately to the Office of Federal Employees' Group Life Insurance.
 - b. Keep the original (preferably in the Official Personnel Folder or its equivalent) for attachment to a claim for death benefits (Form FE-6) when received.
 - c. If no claim is received, send original SF 56, upon request, to the Office of Federal Employees' Group Life Insurance.
 - d. If the deceased employee has a current Designation of Beneficiary (SF 54) on file, the SF 54 must be attached to the original SF 56 when it is sent to the Office of Federal Employees' Group Life Insurance.
2. Retirement of employee—
 - a. If the employee is applying for an immediate annuity with 12 or more years' creditable service (of which at least 5 years are civilian service) or for disability, attach the original SF 56 and current Designation of Beneficiary (SF 54), if any, to the Application for Retirement and give duplicate of SF 56 to the employee. [NOTE: In a disability retirement case where the retirement application has already been sent to the Civil Service Commission, attach the original SF 56 (and SF 54, if any) to the "FINAL" Individual Retirement Record (SF 2806).]
 - b. If the employee wants to continue only his regular insurance, have him complete a SF 176 declining his optional insurance. If he wants to convert only his optional insurance, prepare a statement (see below), in duplicate, for him to sign, attach both copies of the statement to the original SF 56, and submit with application for retirement as instructed in 2a above.
Illustrative Statement
"I want to continue my regular insurance after retirement but would like additional information on converting my optional insurance."

(Employee's signature)

(Address—print or type)

(Date)

- c. If the employee prefers to convert both his regular and optional insurance to an individual policy, give him the original and duplicate copy of the SF 56. Retain SF 54, if any.
3. If employee is receiving compensation benefits—
 - a. Before completing item 7 contact the local Bureau of Employees' Compensation Office, if necessary, to confirm whether the employee still has optional insurance.
 - b. Have the employee complete appropriate box on reverse side of the original SF 56. Send original SF 56 and current Designation of Beneficiary (SF 54), if any, to the U. S. CIVIL SERVICE COMMISSION, BUREAU OF RETIREMENT AND INSURANCE, WASHINGTON, D. C., 20415, and give duplicate copy of SF 56 to the employee.

UNITED STATES v. [REDACTED] ET AL., b6
CASE NO. 74-116 -- INITIAL INTERVIEWS
OF [REDACTED] BY BUREAU

Re Bureau airtel to Alexandria, 5/15/74.

Enclosed are five copies each of two FD-302's containing results of interviews with former Bureau officials. DONALD E. MOORE at Alexandria, Va., and [REDACTED] at Arlington, Va., on 5/20/74.

[REDACTED] suggested that the Bureau check copies of the incoming Los Angeles teletypes reflecting the results of investigation requested by Bureau teletypes to Los Angeles dated 7/9/71 and 7/19/71, for the purpose of determining if dissemination was made by the Bureau to the Assistant Attorney General, Internal Security Division, USDJ. If copies of such communications had been furnished to the Department, as frequently was the case at that time, the Department would have realized the uncooperativeness displayed by [REDACTED] and may have felt that the results obtainable from [REDACTED] work with [REDACTED] may have justified a step as drastic as a surreptitious entry and rifling of [REDACTED] files. This was not, however, suggested at any time by official correspondence or communication.

Mr. DONALD E. MOORE, 505 Crown View Terrace, advised that he was the Inspector in charge of the Espionage-Research Section of the Domestic Intelligence Division of the Federal Bureau of Investigation (FBI) in July, 1971.

Mr. MOORE reviewed copies of teletypes dated July 9 and July 19, 1971, from FBI Headquarters to the Los Angeles FBI Office concerning the [redacted] investigation and specifically the proposed interview of [redacted] analyst, [redacted] b6

He stated that he had no specific recollection of the authorization to interview [redacted] MOORE recalled that information had been received sometime during the [redacted] investigation of the Pentagon papers that copies of some of those papers had been furnished to the Soviet Embassy but he could not recall whether or not that information had been received prior to the interview with [redacted] MOORE related that his approval of such interview would have been based upon the desire to know if anyone else was engaged with [redacted] in a conspiracy in taking the papers, the disposal of same, whether there was any foreign involvement, and what his reasons would have been for taking of papers. If there had been a foreign involvement, the FBI would be desirous of knowing if the papers would be utilized to the advantage of a foreign government. b6

With regard to whether or not Mr. MOORE discussed [redacted] with anyone outside of the FBI or whether anyone outside of the FBI requested or suggested the [redacted] interview, Mr. MOORE answered, "No, I did not; however, I imagine the desirability of such an interview with [redacted] may have been discussed with representatives of the Internal Security Division of the Department of Justice by someone other than myself." b6

This recommends that the Bureau offer the name of former Inspector Donald E. Moore (retired 6/24/73) as a possible candidate to be Chairman of the Security Committee of USIB.

By memorandum 5/21/74, which was approved by the Director, it was recommended that the Bureau concur in a proposed new

(S) [redacted] setting forth the charter for a new and expanded Security Committee which was scheduled for discussion at the USIB meeting of 5/23/74. It was also recommended that if, during the discussion of possible nominees for the chairmanship of the Security Committee, it appeared desirable for the Bureau to nominate a candidate, additional time would be requested to make such a nomination. b1 b6

(S) On 5/22/74 Mr. Bruce Lowe, Executive Secretary of USIB, advised Liaison Supervisor [redacted] that the planned discussion of the new Security Committee and DCID 1/11 has been dropped from the agenda for the 5/23/74 USIB meeting but would be put back on the agenda for a future USIB meeting, possibly the meeting of 6/6/74. Lowe commented that he believes that [redacted] Chairman of USIB, was quite sincere in asking the various USIB members to offer nominations for the chairmanship of the Security Committee and would consider each suggestion very carefully. (S) Lowe felt that [redacted] would be particularly pleased to receive an FBI nomination. Since he feels that much of the Security Committee's scope of interest has a close relation to the FBI's responsibilities. Lowe was of the opinion that this job might be of interest to a retired Bureau official since it is to be a part-time job (2 to 3 days a week) and the person selected would be paid on a contract basis. Lowe believed that a retired Government employee could possibly receive up to approximately one-half of his former salary on a contract basis without diluting his retirement pension.

(S) In view of the above, we feel that the Bureau should take advantage of [] offer that we nominate a candidate for the chairmanship of the Security Committee. (S) Former Inspector Donald E. Moore, who retired 6/24/73 as Number One Man in the Intelligence Division, is extremely well qualified for this position. SENSTUDY 75

This informative memorandum records information telephonically furnished the morning of 7/17/75 to Supervisor S. F. Phillips, INTD, by former FBI Inspector Donald E. Moore.

At about 11:00 p.m., 7/16/75, Moore received a telephone call at his residence from a [] (PH), who identified himself with the AP (Associated Press), who asked Moore if Moore was acquainted with the press accounts of Director Kelley's press conference on 7/14/75, particularly as Mr. Kelley's remarks pertained to surreptitious entries, principally at embassies. Moore told [] that he had read about the matter in the newspapers. [] asked specifically about the "New York Daily News" of 7/16/75, and Moore said he was not familiar with that account, [] then referred to the 7/16/75 "Washington Post" article and referred Moore specifically to the newspaper referring to an unnamed source. [] wanted some comment from Moore which the latter declined to give, Moore advising that any comment should more properly come from the FBI. b6

[] attempted to convince him he should make some comment by stating that information about this matter would eventually come out, and [] was now offering Moore a chance to put the matter in a better light. [] then asked Moore if Mr. Kelley was correct in his statement and Moore again declined to comment. [] said he thought that the "unnamed source" referred to in the newspaper was Bill Sullivan (obviously referring to former Assistant to the Director William C. Sullivan). [] asked Moore if he agreed and again Moore gave him a no comment reply. b6

[] then asked whether Joe Purvis was at one time the SAC in WFO. This being a matter of public record, Moore said that Purvis had been SAC in WFO. [] attempted to determine Purvis' current whereabouts and Moore could be of no assistance as he actually does not know. Moore was asked whether [] had replaced Purvis and Moore said that he thought he had. [] then wanted to know who Purvis' predecessor was in WFO. Moore referred [] to the FBI. According to Moore, their conversation was cordial but he sensed that [] hung up rather abruptly. Moore indicated that he thought that the Bureau would be interested in the foregoing and he said that any similar further inquiries made of him would be similarly reported to us. Moore was thanked for bringing this matter to our attention. b6

SENSTUDY 75

On July 15, 1975, [] Senate Select Committee staff member, telephonically contacted SA [] of this Division and advised that the Committee desired to interview SA Fred J. Cassidy and former Agents Donald E. Moore and [] He advised the purpose of the interviews was to discuss the "Houston Plan" and the meetings of the group which participated in the formulation of that plan. [] stated these would be staff interviews. b6

Fred J. Cassidy is currently assigned to the Intelligence Division.

The Department advised us on July 8, 1975, that staff interviews shall be considered a demand under Title 28 Code of Federal Regulations, Section, 16.21 et seq. These sections require Departmental approval when a current or former employee in response to a demand of a court or authority is requested to furnish material contained in Departmental files or to disclose information contained therein.

The Department also advised that the Director may grant a release from the aforementioned Code of Federal Regulations sections in coordination with the Department.

Regarding current employees the Department has informed the Committee that pending further discussion concerning the rights of current employees, they would

not allow current employees to submit to interview. This matter has not been resolved to date.

With regard to former employees the Department indicated that the same problems are not present and has allowed interviews of former employees to continue.

In view of this, no recommendation is being made at this time pending the Department's decision concerning interviews of current employees for the interview of SA Cassidy.

RECOMMENDATIONS:

(3) That the Intelligence Division, when details are finalized concerning these interviews, make arrangements where appropriate for Agents to accompany the interviewees and be available for consultation during interview by the Committee.

[redacted] stated at the outset that this was an informal interview and he did not place me under oath. He asked about my background which was provided him and included the fact that I served in the FBI from March 10, 1941, until my retirement at the end of June 1973.

b6

The interview concerned the so-called Huston Committee and he asked if I knew [redacted] before the Committee was established. I said I recalled meeting [redacted] once, in Bill Sullivan's office, but I didn't recall when this was, but it was before the Committee was formed. In response to questions, [redacted] was informed as follows:

I was aware of the meeting at the White House attended by Director Hoover, Mr. Helms, Admiral Gayler and Gen. Bennett. I was probably aware the meeting was to take place before the meeting date but I can't recall this. (He said the meeting was held June 5, 1970.) I was not at a meeting held in Mr. Hoover's office June 8 but I recall hearing about the meeting, probably from Bill Sullivan. I don't recall a meeting held in the Domestic Intelligence Division after this at which Sullivan, Bill Cregar, [redacted] Fred Cassidy and I were present. I did attend the initial meeting of the Working Group headed by Sullivan and was present because Sullivan asked me to be there. I remember Sullivan and Cregar were at the meeting and I thought one or more other FBI representatives were present. He mentioned [redacted] and Fred Cassidy were at the meeting.

b1
b6

(S) I recall Mr. Helms and [redacted]
(S) but did not recall the names of others including the representatives from [redacted] DIA and the military services. I recall Sullivan chaired the meeting and that [redacted] sat at the opposite end of the table. Either Helms or Sullivan announced that Helms probably couldn't stay for the entire meeting but I don't recall Helms leaving, although he did not sit directly at the conference table.

~~SECRET~~

~~SECRET~~

I can't recall the conversation at the meeting but think that Sullivan outlined the request of the President to study means of getting better intelligence information on new left activities and violent protest movements in the US, especially with regard to possible foreign support. I think Sullivan probably outlined areas of concern and asked representatives present to document where they felt intelligence was lacking, how it could be obtained, who should obtain it and what was needed to obtain it. I said I couldn't at this date recall specific observations or proposals and rather believed the purpose of the meeting was to outline the general problem and ask the representatives to document these and come in with specific recommendations at a subsequent meeting. I am certain [] spoke about the purpose of the meeting but I can't recall his comments.

This was the only meeting of the Working Group I attended. I told Mr. Sullivan that if agreeable with him I would not attend subsequent meetings and I thought the FBI had several representatives present and that the thrust was on new left and related activities. As I recall he said "suit yourself." [] pressed me on this and I told him this was what I expressed to Sullivan but I also was somewhat uneasy after the first meeting as I did not believe Mr. Hoover was aware of collection efforts that were likely to be recommended. I could not state what FBI members attended subsequent meetings but I believe Charles Brennan and Bill Cregar, and of course, Bill Sullivan, attended as well as some other representatives. b6

I can't say who drafted the report but was sure it was under Sullivan's direction. During the period of the meetings Deke DeLoach had retired and Sullivan had been appointed Assistant to the Director and moved from the 9th & D Building to the Justice Building. I don't recall when Mr. Hoover's objections to certain of the recommendations were added. I can't say whether I saw the report prior to the objections being in it but may have; I do recall seeing the report after the objections were in it. I don't know whether Mr. Hoover told Sullivan to put the objections in it but presume Sullivan knew Mr. Hoover's views and put the objections in on this basis. I could not answer the question as to whether Mr. Tolson was the person responsible for having the objections made but felt he would have objected to the initial recommendations.

~~SECRET~~

~~SECRET~~

I did see the letter from the White House saying the report had been approved. I believe it was signed by [] and stated the President had approved the recommendations. I was aware Mr. Hoover had either written or seen Attorney General Mitchell expressing his reluctance and was aware the White House letter was withdrawn. I didn't know why it was withdrawn other than this occurred after Mr. Hoover went to the Attorney General.

b1
b6

Mr. Johnson asked certain specific questions during or after the above discussion. He asked what covert mail coverage was involved since []

(S)

[] After checking with Mr. [] of the FBI, [] was advised that while I had been released from my pledge of confidentiality by the FBI in general with regard to the Huston Committee this matter was under review by the Department of Justice and I had not been released from my pledge on this aspect. A similar answer was given to the question about what was meant by the removal of restrictions on the use of surreptitious entry of embassies to obtain cryptographic materials.

(S)

[] asked if I thought the Huston Committee had been instigated by Bill Sullivan to more or less force Mr. Hoover to take a more aggressive stance in intelligence collection. I answered that I would not like to speculate on this and I could not make a definite statement yes or no.

(S)

He asked why the Working Group met at [] as opposed to the FBI and whether this had special meaning. I answered that I did not think so, that the US Intelligence Board was headed by the

He said Admiral Gayler had stated that he and his predecessor, Gen. Carter, had tried to get Mr. Hoover to provide more support to [] with regard to Communications Intelligence and asked if I was aware of any such efforts, and if they were in person or in writing. I said I was aware that Gen. Carter and Adm. Gayler had asked for support and I believe they might have seen Mr. Hoover personally and perhaps had written him.

Interview of Donald E. Moore by Mr. [REDACTED]
of the Senate Select Committee Staff

b6

After being sworn by Senator Huddleston, I was interviewed under oath by Mr. [REDACTED] in the Old Carroll Arms Hotel on 1 October 1975. The interview started at approximately 1020 hours and lasted until 1345.

During the interview I was shown numerous Bureau documents and asked questions about them. Some of the meetings described in the documents I had no recollection about but I answered all the questions to the best of my ability.

I said that Mr. Hoover had personally approved the various mail programs. On some memoranda which did not go to Mr. Hoover's office and were signed off by Mr. Belmont I said I thought this was because Mr. Hoover had approved the program either orally or in a prior memorandum and therefore I thought Mr. Belmont did not send the subsequent memorandum in to Mr. Hoover.

I was asked if any Attorney General ever was informed of the mail program and I advised that the only one I personally knew was advised was Attorney General Katzenback. I explained that sometime in 1965 I received a phone call from Mr. Belmont on a Saturday morning and he asked me to come to his office as we needed to see the Attorney General with regard to some testimony the previous day before a subcommittee chaired by Senator Long of Missouri. Mr. Belmont, in his office, advised me that Chief Postal Inspector Henry Montague had appeared before the Long Committee and had been told before his testimony not to answer any questions that might relate to national security matters. When he was asked whether mail ever left the custody of the Post Office Department he answered no as he believed to decline to answer would be tantamount to a yes and could affect national security. Mr. Belmont talked to Mr. Tolson by phone and thereafter we met the Attorney General in his office. Courtney Evans, former Bureau Assistant Director and then a Special Assistant to the AG, was also present but Mr. [REDACTED] did not

b6

~~SECRET~~

~~SECRET~~

ask me who was present and I did not volunteer Courtney's name. Either Mr. Montague had contacted the AG or Mr. Belmont had mentioned the matter to him for as I recall the AG was aware of the problems when we arrived. After discussing the matter, as I recall the AG said he would try to see Senator Long to get the matter resolved. Mr. [] asked if we told the AG we were opening the mail we received from the Post Office and I said I could not specifically recall this. He asked if we would have advised the AG if he had asked and I said yes. As to whether I learned later if the AG ever discussed this with Mr. Hoover and if we were advised to discontinue I said I knew of no such discussion, if one took place, and we were not told by Mr. Hoover to discontinue until mid-1966. I also did not know if the AG saw Senator Long. b6

Mr. [] asked about the [] case and if I had informed former Assistant Attorney General Yeagley about mail intercepts in the case and I said I had. He asked if Mr. Yeagley had informed the Attorney General and I said I did not know but I believe that Attorney General Kennedy was advised by the Bureau later. As I recall when trial started the US Attorney had made a statement that required the government to either amend the statement or drop the case and after Courtney Evans, then still in the Bureau, had advised the AG of the mail intercept the AG decided the case should be dropped. Mr. [] asked if I was aware of a briefing Attorney General Kennedy received in the New York office and if I knew whether the mail programs were discussed. I said I remembered the briefing, understood it was very comprehensive, but I do not know if it covered the mail programs.

(S) Mr. [] asked if I knew whether any other Attorneys General had been advised of the Bureau's mail programs and I said I did not know of any. I also did not know of any Postmaster General who had been advised, or Presidents. b1 b6

(S) With regard to the [] I said I had been aware of it from the time the FBI started receiving material from it. I could not recall how we were first advised but I believe either the Post Office suggested we go to [] or the Post Office went to [] and suggested we be advised. He asked if Mr. Hoover was aware of it and I said he was.

~~SECRET~~

~~SECRET~~

Mr. [] asked me various questions about my contacts with Mr. Montague, several of which were set forth in the various Bureau memoranda I was shown. With regard to the institution of Z coverage in New York City he asked me if we first made contact with the Chief Postal Inspector here and I said we did. He asked who contacted him and I said I believed Mr. Boardman contacted Mr. Stephens who was then the Chief Postal Inspector. Mr. [] asked if I had ever contacted Mr. Stephens and I said to the best of my recollection I had never met him and was quite sure I had not contacted him on any mail program. In response to a question as to whether I had ever advised Mr. Montague the FBI opened mail received from the Post Office I said I had not. b6

I advised Mr. [] I knew of no mail intercepts by the FBI after 1966 and was quite sure there had been none.

SUBJECT: UNITED STATES v. GRAY, et als

At 2:10 p.m. on November 28, Donald Moore, retired, formerly an inspector in the Intelligence Division, called me and said that he has been requested to appear as a witness in captioned criminal prosecution on Wednesday, November 29, at 9:30 a.m. Mr. Moore said that he will appear as requested, but he first wanted to notify the Bureau for such action as may be necessary or appropriate.

I told Mr. Moore that he would still be bound by his employment agreement even though he is now retired but that he could consider the conditions of the employment agreement waived for the limited purpose of his testimony in captioned case. I told him that I would prepare a memorandum for Bureau files recording the fact of his limited release from the employment agreement.

RECOMMENDATION:
